Contemporary Color Steven Bleicher, 2023-04-24 This fully revised and updated

third edition offers students and artists valuable insights into traditional color theory and its practical application using today's cutting edge technology. The text is lavishly illustrated stressing issues of contemporary color use and examining how today's artists and designers are using color in a multitude of mediums in their work. It is the only book that has parity between the male and female artists and designers represented while containing more multicultural and global examples of art and design than any other text. This book begins with how we see color and its biological basis progressing to the various theories about color and delving into the psychological meaning of color and its use. There are individual chapters on color use in art and design as well as global and multicultural color use. One chapter investigates cross cultural life events such as marriages and funerals while examining the six major religions conceptual and psychological underpinnings of color use. The final chapter explores the future of color. Contemporary Color is the ideal text for color theory courses but also for beginning art and design students no matter what their future major discipline or emphasis may be. It provides the foundation on which to build their career and develop their own personal artistic voice and vision.

Creative Haven Wild Animal Designs Coloring Book
Arkady Roytman, 2016-07-20 For centuries the aboriginal people of the Arctic have created elaborately detailed works of art that incorporate geometric and animal motifs. This coloring book features 31 intricate images inspired by Inuit designs: an owl, snake, lion, and more. Pages are perforated and printed on one side only for easy removal and display. Specially designed for experienced colorists. Untamed Designs and other Creative Haven adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun filled way to relax and reduce stress.
