Focus On: 100 Most Popular Actresses from New York City Wikipedia contributors, **Oscar's Favorite Actors** Roger Leslie, 2017-07-07 Just as the Academy Awards have an impact upon stars and their careers their filmic achievements influence the Academy and contribute to the rich history of the Oscars Upset wins jarring losses and glaring oversights have helped define the careers of Hollywood icons while unknown actors have proven that timing sometimes beats notoriety or even talent With detailed discussion of their performances and Awards night results this book describes how 108 actors earned the Academy's favor and how 129 others were overlooked **Historical Dictionary of British Radio** Seán Street, 2015-04-21 The story of British radio begins long before the birth of the British Broadcasting Company BBC in 1922 This book aims to tell this story through its component parts the makers the programs and the policies that together shaped the development of a system of broadcasting grounded initially in a public service ethic and subsequently struggling toward an at times uneasy balance of public and commercial radio The last ten years of UK radio history have contained more drama change and development than in all its previous history This second edition of Historical Dictionary of British Radio covers its history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 800 cross referenced entries on issues characters movements and policies that have shaped radio in the United Kingdom This book is an excellent access point for students researchers and anyone wanting to know more about British Radio **Benedict Cumberbatch: Transition Completed** Lynnette Porter, 2014-11-21 Star Trek Into Darkness The Fifth Estate 12 Years a Slave August Osage County The Hobbit The Desolation of Smaug these would be milestones in most actors entire career For Benedict Cumberbatch roles in these films are merely a year's additions to his already vast resume 2013 proved to be the final step in Cumberbatch's transition from respected working actor to bona fide worldwide celebrity and recipient of BAFTA Los Angeles Britannia Award for British Artist of the Year Like its predecessor Benedict Cumberbatch In Transition MX Publishing 2013 Benedict Cumberbatch Transition Completed Films Fame Fans explores the nature of Cumberbatch's fame and fandom while analysing his most recent roles This in depth performance biography does more than critique the actor's radio stage film and television performances especially his star turn in the long awaited yet controversial third series of Sherlock It also analyses how and why the actor's work is so memorable in each role a perspective unique to this performance biography Cumberbatch's role in popular culture as much as his acting in multiple media is well worth such scrutiny to illustrate that Benedict Cumberbatch represents both the best of acting and of the power of celebrity **Social TV** Cory Barker, 2022-06-27 Winner of the 2023 SCMS Media Industries Scholarly Interest Group Outstanding Book Award sponsored by the Center for Entertainment Media Industries On March 15 2011 Donald Trump changed television forever The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real time reactions on Twitter generating more than 25 000 tweets and making the broadcast the most watched

Roast in Comedy Central history The trumpoast initiative personified the media and tech industries utopian vision for a multi screen and communal live TV experience In Social TV Multi Screen Content and Ephemeral Culture author Cory Barker reveals how the US television industry promised but failed to deliver a social media revolution in the 2010s to combat the imminent threat of on demand streaming video Barker examines the rise and fall of Social TV across press coverage corporate documents and an array of digital ephemera He demonstrates that despite the talk of disruption the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention economy Case studies from broadcast networks to tech start ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period To trace these unfulfilled promises and flopped ideas Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing Yet in placing this now forgotten material in recent historical context Social TV shows how the era altered how the industry pursues audiences Multi screen campaigns have shifted away from a focus on live TV and toward all day content streams The legacy of Social TV then is the further embedding of media and promotional material onto every screen and into every moment of life *Focus On: 100 Most Popular American Game Show Hosts* Wikipedia contributors, **Guinness**

The Hollywood Jim Crow
Maryann Erigha, 2019-02-05 The story of racial hierarchy in the American film industry The OscarsSoWhite campaign and the content of the leaked Sony emails which revealed among many other things that a powerful Hollywood insider didn't believe that Denzel Washington could open a western genre film provide glaring evidence that the opportunities for people of color in Hollywood are limited In The Hollywood Jim Crow Maryann Erigha tells the story of inequality looking at the practices and biases that limit the production and circulation of movies directed by racial minorities She examines over 1 300 contemporary films specifically focusing on directors to show the key elements at work in maintaining the Hollywood Jim Crow Unlike the Jim Crow era where ideas about innate racial inferiority and superiority were the grounds for segregation Hollywood's version tries to use economic and cultural explanations to justify the underrepresentation and stigmatization of Black filmmakers Erigha exposes the key elements at work in maintaining Hollywood's racial hierarchy namely the relationship between genre and race the ghettoization of Black directors to black films and how Blackness is perceived by the Hollywood producers and studios who decide what gets made and who gets to make it Erigha questions the notion that increased representation of African Americans behind the camera is the sole answer to the racial inequality gap Instead she suggests focusing on the obstacles to integration for African American film directors Hollywood movies have an expansive reach and exert tremendous power in the national and global production distribution and exhibition of popular culture The Hollywood Jim Crow fully dissects the racial inequality embedded in this industry looking at alternative ways for African Americans to find success in Hollywood and suggesting how they can band together to forge their own career paths
