Just Trying to Have School Natalie G. Adams, James H. Adams, 2018-10-09 After the 1954 Brown v Board of Education ruling no state fought longer or harder to preserve segregated schools than Mississippi This massive resistance came to a crashing halt in October 1969 when the Supreme Court ruled in Alexander v Holmes Board of Education that the obligation of every school district is to terminate dual school systems at once and to operate now and hereafter only unitary schools Thirty of the thirty three Mississippi districts named in the case were ordered to open as desegregated schools after Christmas break With little guidance from state officials and no formal training or experience in effective school desegregation processes ordinary people were thrown into extraordinary circumstances However their stories have been largely ignored in desegregation literature Based on meticulous archival research and oral history interviews with over one hundred parents teachers students principals superintendents community leaders and school board members Natalie G Adams and James H Adams explore the arduous and complex task of implementing school desegregation How were bus routes determined Who lost their position as principal Who was assigned to what classes Without losing sight of the important macro forces in precipitating social change the authors shift attention to how the daily work of just trying to have

school helped shape the contours of school desegregation in communities still living with the decisions made fifty years ago

Athletes, Sexual Assault, and Trials by Media Deb Waterhouse-Watson, 2013 Since footballer sexual assault became top news in 2004 six years after the first case was reported much has been written in the news media about individual cases footballers and women who have sex with them Deb Waterhouse Watson reveals how media representations of recent sexual assault cases involving Australian footballers amount to trials by media trials that result in acquittal The stories told about footballers and women in the news media evoke stereotypes such as the gold digger woman scorned and the predatory woman which cast doubt on the alleged victims claims and suggest that they are lying Waterhouse Watson calls this a narrative immunity for footballers against allegations of sexual assault This book details how popular conceptions of masculinity and femininity inform the way footballers bodies team bonding women sex and alcohol are portrayed in the media and connects stories relating to the cases with sports reporting generally Uncovering similar patterns of narrative grammar and discourse across these distinct yet related fields Waterhouse Watson shows how these discourses are naturalised with reports on the cases intertwining with broader discourses of football reporting to provide immunity Despite the prevalence of stories that discredit the alleged victims Waterhouse Watson also examines attempts to counter these pervasive rape myths articulating successful strategies and elucidating the limitations built into journalistic practices and language itself

Thomas Roberts, Jerry Robertson, Buc Football and Friends Foundation, 2007 From the beginning East Tennessee State University has placed great emphasis on creating a football program that would give their student athletes training unlike any other for sportsmanship leadership and academic excellence During its 80 years the football program grew from barely fielding enough able bodied students to going undefeated and winning its first bowl game Although the program was discontinued after the 2003 season there is a renewed commitment by the university to restore the program and its strong traditions with the help of the community and groups like the Buc Football and Friends Foundation **A Superior Romance** Robert Williams, 2006-08 When I began working on this story I had a specific goal in mind I wanted to give my grandchildren some sense of the kind of person my father was He was encouraging he was knowledgeable he was helpful and he was a good listener He was such a big influence on me but he did not live long enough to ever see my grandchildren I was afraid the only thing they would ever know of him was a name on a marker in a cemetery so I thought I should put together some of my memories of Lee Williams Alas as I organized my ideas I ran into a problem I couldn't write about Dad and my teen age years without telling of my teen age romances I didn't want to hurt anybody's feelings so I had to alter some stories and craft new ones And once the stories became fiction this story literally began to re write the past When the world of fantasy is found to be so much more pleasurable than the real world what is wrong with enjoying our dreams for a little while **Football Queen** Marci Peschke, 2012-01-01 Kylie Jean is her big brother's biggest fan when he's on the field
