Studies The Quest for Press Freedom Meseret Chekol Reta, 2013-05-16 The Quest for Press Freedom is a book about press development and freedom in Ethiopia with a focus on the state media. It examines the building of a modern media institution over the last one hundred years of its existence and the restrictions against its freedoms. The significance of this work lies in its originality and that it addresses these two issues across three distinct epochs: the monarchy era, the Marxist military regime, and the current ethnic federalist regime. The book examines the political and social situations in each of these periods and analyzes the effects they had on the media. The book also provides examples of how journalists working for the government-run media have a strong desire to exercise their constitutional right to press freedom. In the final chapter, Reta offers recommendations for a more viable media system in Ethiopia.

Visions of Zion Erin C. MacLeod, 2014-07-04 In reggae song after reggae song, Bob Marley and other reggae singers speak of the Promised Land of Ethiopia. Repatriation is a must, they cry. The Rastafari have been travelling to Ethiopia since the movement originated in Jamaica in the 1930s. They consider it the Promised Land, and repatriation is a cornerstone of their faith. Though Ethiopians see Rastafari as immigrants, the Rastafari see themselves as returning members of the Ethiopian diaspora. In *Visions of Zion*, Erin C. MacLeod offers the first in-depth investigation into how Ethiopians perceive Rastafari and Rastafarians within Ethiopia and the role this unique immigrant community plays within Ethiopian society. Rastafari are unusual among migrants, basing their movements on spiritual rather

than economic choices This volume offers those who study the movement a broader understanding of the implications of repatriation Taking the Ethiopian perspective into account it argues that migrant and diaspora identities are the products of negotiation and it illuminates the implications of this negotiation for concepts of citizenship as well as for our understandings of pan Africanism and south south migration Providing a rare look at migration to a non Western country this volume also fills a gap in the broader immigration studies literature Youth on the Move Asnake Kefale,Fana Gebresenbet,2021-12-01

At a time when policies are increasingly against it international migration has become the subject of great public and academic attention This book departs from the dominant approach of studying international migration at macro level and from the perspective of destination countries The contributors here seek to do more than scratch the surface of the migration process by foregrounding the voices and views of Ethiopian youth potential migrants and returnees and of their sending communities The volume focuses on the perspective and agency of these young people both potential migrants and returnees to better understand migration decision making experiences and outcomes It brings together rarely documented cases of young men and women from several communities across Ethiopia migrating to the Gulf and South Africa Explaining the agency of local actors prospective migrants brokers and sending families Youth on the Move illuminates the pervasive persistent failure of state attempts to regulate migration Moreover it examines the financing of migration and the sharing of remittances within a culturally situated moral economy While accounts centered on economics and political violence are important the contributors demonstrate compellingly that these factors alone cannot provide a full understanding of migration s complexity nor of its social realities **Report on Retail Prices of Goods and Services in Selected Urban Centers** ,1987

Media Sustainability Index ,2006 The development of sustainable media in Cover **Online Journalism in Africa** Hayes Mawindi Mabweazara,Okoth Fred Mudhai,Jason Whittaker,2014-01-21 Very little is known about how African journalists are forging new ways to practise their profession on the web Against this backdrop this volume provides contextually rooted discussions of trends practices and emerging cultures of web based journalism s across the continent offering a comprehensive research tool that can both stand the test of time as well as offer researchers particularly those in the economically developed Global North models for cross cultural comparative research The essays here deploy either a wide range of evidence or adopt a case study approach to engage with contemporary developments in African online journalism This book thus makes up for the gap in cross cultural studies that seek to understand online journalism in all its complexities **Africa Review** ,2007
