Adelaide Einstein A Novel By April L Hamilton English Edition:

Adelaide Einstein April L. Hamilton, 2008-02-22 Adelaide Binchley is probably the only fortysomething housewife and junior college dropout ever to be nominated for the Nobel Prize in Physics and she is certainly the only one whose career was launched by a bedpan When Addie meets Physics professor Jakob Pankowicz she discovers that having just one person see a greater potential in her and believe in her even when she doesn't believe in herself is all she needs to escape her self imposed limits In this hilarious and touching novel as she navigates the rough territory created by her teenage feminist daughter borderline delinquent son philandering husband and the friends in her embroidery circle Addie finds when one person selflessly reaches out to another that gesture has the power to change the world Snow Ball April L. Hamilton, 2008-02-22 Cinder Torley is an intelligent young woman who yearns to escape the stifling yoke imposed by her small town upbringing and unhappy marriage but that doesn't mean she killed her husband When he goes missing one night Cinder quickly learns who and how few her friends really are in this darkly comic tale of dueling schemers and incompetents The sheriff thinks this might be his only ticket out of back country law enforcement Coffee house barista Clark Norris knows a sordid true crime story could jumpstart his stalled writing career Glamorous correspondent Bailey Weems sees a ratings bonanza that can make her a cable news star And as for Velma and Naomi who may or may not be part of the notorious Manitoba Six Canadian crime ring they're only in it for the black market Phen Fen The surprising truth about what happened to Cinder's husband will lay waste to all these agendas but will it prove Cinder's innocence **Building**, 1926
