

A medical professional, wearing a white lab coat and a stethoscope, is holding a model of a female reproductive system. The model shows the uterus, fallopian tubes, and ovaries. Several fibroids (myomas) are visible as small, dark, irregular masses within the uterine cavity and on the uterine wall. The professional is using a surgical instrument, possibly a scalpel or a probe, to point at one of the fibroids. The background is a plain, light-colored surface.
