Evidence in Context Jonathan Doak,Claire Mcgourlay,Mark Thomas,2015-06-05 Evidence in Context explains the key concepts of evidence law in England and Wales clearly and concisely set against the backdrop of the broader political and theoretical contexts The book helps to inform students of the major debates within the field providing an explanation as to how and why the law has developed as it has This fourth edition has been revised and expanded to include developments in the law of hearsay evidence as well as recent litigation surrounding witness anonymity orders bad character and vulnerable witnesses It also addresses the on going controversy and debate about the use of expert witnesses A brand new chapter considers the contentious issue of public interest immunity and the introductory chapter has been substantially expanded to consider the continuing interplay between the UK courts and the European Court of Human Rights as the role of human

rights in evidence becomes increasingly important Features include Key learning points to summarise the major principles of evidence law Practical examples to help students understand how the rules are applied in practice Self test questions to encourage students to reflect on what they have learned A supporting companion website including answers to self test questions Well written clear and with a logical structure throughout Evidence in Context contains all the information necessary for any undergraduate evidence law module ICT Education Bobby Tait,Jan Kroeze,Stefan Gruner,2019-11-21 This book constitutes the refereed proceedings of the 48th Annual Conference of the Southern African Computer Lecturers Association on ICT Education SACLA 2019 held in Northern Drakensberg South Africa in July 2019 The 16 revised full papers presented were carefully reviewed and selected from 57 submissions The papers are organized in following topical sections computer programming education system security education software engineering education education of post graduate research students our students our profession **Routledge Handbook of Modern Japanese History** Sven Saaler,Christopher W. A. Szpilman,2017-10-16 The Routledge Handbook of Modern Japanese History is a concise overview of modern Japanese history from the middle of the nineteenth century until the end of the twentieth century Written by a group of international historians each an authority in his or her field the book covers modern Japanese history in an accessible yet comprehensive manner The subjects featured in the book range from the development of the political system and matters of international relations to social and economic history and gender issues to post war discussions about modern Japan s historical trajectory and its wartime past Divided into thematic parts the sections include Nation empire and borders Ideologies and the political system Economy and society Historical legacies and memory Each chapter outlines important historiographical debates and controversies summarizes the latest developments in the field and identifies research topics that have not yet received sufficient scholarly attention As such the book will be useful to students and scholars of Japanese history Asian history and Asian Studies *Xu Bing* Sarah E. Fraser,Yu-Chieh Li,2020-07-20 This volume offers a path breaking reassessment of Xu Bing s oeuvre by analyzing the diverse cultural environments in which his work has developed since the Book from the Sky It contains three lecture transcripts and eight art historical essays these explore themes such as Xu s animal works audience participation new ink prints realism socialist spectacle and word play A critical question addressed in this volume is what carries art to a global level beyond regional histories and cultural symbols Absorbing critical essays on contemporary Chinese aesthetics addressing the social context and philosophical concerns that underlie Xu Bing s key works The authors analyze Xu s art shedding light on the tangled history of socialism and neoliberalism in the Post Mao period Prof Dr Lothar Ledderose Senior Professor Institute of East Asian Art Universit t Heidelberg *Women and Austerity* Maria Karamessini,Jill Rubery,2013-09-11 Austerity has become the new principle for public policy in Europe and the US as the financial crisis of 2008 has been converted into a public debt crisis However current austerity measures risk losing past progress towards gender equality by undermining important employment and social welfare protections and

putting gender equality policy onto the back burner This volume constitutes the first attempt to identify how the economic crisis and the subsequent austerity policies are affecting women in Europe and the US tracing the consequences for gender equality in employment and welfare systems in nine case studies from countries facing the most severe adjustment problems The contributions adopt a common framework to analyse women in recession which takes into account changes in women s position and current austerity conditions The findings demonstrate that in the immediate aftermath of the financial crisis employment gaps between women and men declined but due only to a deterioration in men s employment position rather than any improvements for women Tables are set to be turned by the austerity policies which are already having a more negative impact on demand for female labour and on access to services which support working mothers Women are nevertheless reinforcing their commitment to paid work even at this time of increasing demands on their unpaid domestic labour Future prospects are bleak Current policy is reinforcing the same failed mechanisms that caused the crisis in the first place and is stalling or even reversing the long term growth in social investment in support for care This book makes the case for gender equality to be placed at the centre of any progressive plan for a route out of the crisis
