and provides detailed advice for how to do so Meanwhile Pryal debunks claims that supporting student mental health harms educational rigor coining the term rigor angst to discuss the fear that rigor is declining She outlines actionable steps professors and administrators can take to address the problem including abandoning ableist and exclusionary campus culture replacing bad hard work that creates unnecessary logistical difficulties for students in favor of good hard work that challenges them intellectually providing an easy path to disability accommodations and teaching accessibly for neurodivergent students *Arabic Psychological Tests and Their English Versions* Ahmed M.
