Title: Why All Women Should Have The Right To Abort

Introduction:

Hook Statement: In many countries, women still do not have the right to have an abortion. Nearly 25% of the world's population lives in countries where abortion is highly disapproved.

Background: Illegalizing abortion will not stop it from occurring. Moreover, denying access to abortion can cause mental and physical health issues to the victim. Matters such as rape or incest, unprofessionally-performed abortions, and civil rights play a major role in this matter.

Thesis Statement: The legalization of abortion can prevent unnecessary suffering and deaths of women.

Body Paragraph 1:

Topic Sentence: Women often get strangled in situations such as rape and incest.

Evidence: A woman was raped by her uncle and becomes unwantedly impregnated. This burdens the victim with psychological issues. Many who are against abortion argue that putting up the baby for adoption is a great alternative.

Concluding Statement: However, having an abortion is not always about not wanting to take care of the child. It is about unwantedly carrying a baby that was conceived by a violent act.

Body Paragraph 2:

Present another claim in support of the topic and thesis statement.

Body Paragraph 3:

Provide facts and strong evidence to validate your claim.

Lester, 2016 An essential book on liberty Liberty is what libertarians advocate both because of the inherent value of human liberty and because of the increasing wealth and welfare it brings to all They see the aggressive coercion of the state as the main enemy of liberty The solution is to roll back the state until there is little or no state left Libertarianism has been rapidly growing since the 1970s but it is still not commonly understood or even given a proper hearing You will increasingly come across it Often it will be state enthusiasts disingenuously claiming to be libertarians At other times it will be state enthusiasts attacking libertarianism as an extremist ideology And very occasionally it will be real libertarians explaining and defending their views J C Lester is a libertarian philosopher who has been writing about why liberty is preferable to politics for about 30 years This book contains many of his shorter writings on the subject These range from the populist to the philosophical Together they function as a miscellaneous introduction to libertarianism The various different topics and approaches should give the reader a good cross reference grasp of the subject
