

# Against Abortion Essay

Writing an essay on the topic "Against Abortion" can be a challenging task, as it involves delving into a highly controversial and emotionally charged subject. The difficulty lies not only in presenting a well-structured and coherent argument but also in navigating the sensitive nature of the topic. Crafting an essay against abortion requires a thorough understanding of various perspectives, ethical considerations, legal aspects, and the societal implications surrounding the issue.

One of the primary challenges is maintaining objectivity while discussing a topic that often elicits strong emotions. Striking a balance between expressing personal convictions and presenting a rational, evidence-based argument is crucial. Additionally, researching reliable sources to support your stance and addressing counterarguments requires a considerable amount of time and effort.

The complexity of the subject demands careful consideration of language and tone to avoid alienating readers with differing views. It's essential to communicate the argument effectively without resorting to inflammatory language or dismissing opposing opinions outright. Balancing passion with a rational presentation is a delicate task that requires meticulous attention to detail.

Furthermore, the essay should be structured logically, with a clear introduction, well-developed body paragraphs, and a strong conclusion that reinforces the main points. This organization helps guide the reader through the complex and nuanced arguments presented in the essay.

In conclusion, writing an essay against abortion is challenging due to the contentious nature of the topic, the need for objectivity, and the requirement to navigate a plethora of perspectives. It demands a thoughtful and thorough approach to research, a careful selection of language, and an ability to present a well-structured argument. Despite the challenges, a well-crafted essay can contribute to a meaningful discourse on the subject.

For assistance with essays on various topics, including those related to sensitive subjects, similar services can be explored on platforms like [HelpWriting.net](https://www.HelpWriting.net). They offer professional writing support for a wide range of topics and subjects, ensuring that students and individuals receive the help they need in articulating their thoughts and arguments effectively.

## **Abortion Essays Against Abortion:**

Interdisciplinary Views on Abortion Susan A. Martinelli-Fernandez, Lori Baker-Sperry, Heather McIlvaine-Newsad, 2014-01-10 This book examines issues surrounding abortion and abortion practices in the United States through the perspectives of multiple disciplines including sociology anthropology philosophy community health theology and political science The essays parallel the interdisciplinary nature of feminist and women s studies situating abortion within a wider understanding of the impact of reproduction on women s lives and their health The contributing authors provide an accessible summary of the numerous topics surrounding abortion and the essays reflect both original research and scholarly discourse on existing research and literature Instructors considering this book for use in a course may request an examination copy here *Rachel Weeping and Other Essays on Abortion* James Tunstead Burtchaell, 1990 **Arguments about Abortion** Kate Greasley, 2017-03-31 Does the morality of abortion depend on the moral status of the human fetus Must the law of abortion presume an answer to the question of when personhood begins Can a law which permits late abortion but not infanticide be morally justified These are just some of the questions this book sets out to address With an extended analysis of the moral and legal status of abortion Kate Greasley offers an alternative account to the reputable arguments of Ronald Dworkin and Judith Jarvis Thomson and instead brings the philosophical notion of personhood to the foreground of this debate Structured in three parts the book will I consider the relevance of prenatal personhood for the moral and legal evaluation of abortion II trace the key features of the conventional debate about when personhood begins and explore the most prominent issues in abortion ethics literature the human equality problem and the difference between abortion and infanticide and III examine abortion law and regulation as well as the differing attitudes to selective abortion The book concludes with a snapshot into the current controversy surrounding the scope of the right to conscientiously object to participation in abortion provision *Essays on Abortion* Kwok W. Cheung, 1977 *Abortion-- Murder Or Mercy?* François B. Gérard, 2001 This book is meant to provide an overview of and gather the literature on abortion one of the most divisive issues of our times Honest women and men the world over must deal with this issue in their hearts and minds whether or not they ever face the issue personally It is hard to conceive of a single thinking person who doesn t have an opinion on abortion usually strongly held The arguments are cogent on both sides of the issue We hope that this collection will bring to the attention of readers the publications which shed light on the fundamental issues involved **Abortion and Dialogue** Ruth Colker, 1992-09-22 The issues she takes on are crucial not solely the subject areas of reproductive rights and law or public policy lenses and judicial impact in women s and children s lives but also the more difficult and fundamental questions of how these hot topics can be approached so as to make the most of the good will of all and the force of free discussion for social learning she brings a strong evolving and distinctive perspective to the discussion Emily Fowler Hartigan In *Abortion and Dialogue* Ruth Colker argues that the state falsely views the woman and the fetus as having

conflicting needs when it intervenes in decisions regarding pregnancies Colker's feminist theological perspective on reproductive health issues encourages both pro choice and pro life advocates to consider how the value of life is implicated in discussions of reproduction Colker argues that theology can contribute to our understanding if we apply the concepts of love compassion and wisdom to problems identified by feminist theory and to actual concrete situations the impact of abortion regulations on poor female adolescents the judicial treatment of abortion regulations state intervention into women's decision making during pregnancies carried to term Colker concludes by examining effective and respectful family planning strategies that truly help women in making reproductive choices

Dialogues on the Ethics of Abortion Bertha Alvarez Manninen, 2022-05-16 What happens when two intelligent and highly informed fictional college students one strongly pro choice and the other vigorously pro life are asked to put together a presentation on abortion Their conversations over five days friendly but lively charitable but clear are captured in this book Through these dialogues students and other interested readers are introduced to the difficult moral issues of abortion In Chapter 1 readers learn about Roe v Wade and other relevant legal cases Chapter 2 covers basic philosophical issues such as What is a person Are fetuses persons Is fetal potential morally relevant How shall we define the moral community Chapter 3 introduces students to Don Marquis's Why Abortion is Immoral and also the metaphysical issues of personal identity and its relevance to abortion Chapter 4 covers Judith Jarvis Thomson's A Defense of Abortion including objections and responses to the argument from bodily autonomy Finally Chapter 5 looks at abortion in hard cases such as in cases of rape fetal disability non viable pregnancies and sex selection the chapter also includes a conversation on fathers and abortion With a Foreword by Laurie Shrage topics headings in the margins and an annotated bibliography Dialogues on the Ethics of Abortion is an easy to use volume and valuable resource for anyone interested in a fair and clear headed approach to one of the most contentious moral issues of our time

*Abortion from the Religious and Moral Perspective*: George F. Johnston, 2003-03-30 For approximately three decades the abortion debate has polarized America Views range from the extreme conservative position that all abortions are morally objectionable to the extreme liberal position that abortion throughout all nine months of pregnancy is acceptable In the middle are those who advocate laws limiting the number of valid reasons for abortion This comprehensive volume includes bibliographic citations that address the moral and religious aspects of abortion It covers such topics as the various arguments both for and against abortion the status of the fetus and overviews of several religions stances on abortion Citations also include references on how Christianity has influenced abortion politics and law discussions of Operation Rescue and official statements on abortion by the Catholic Church and several Protestant denominations Researchers as well as anyone interested in the moral and religious elements of abortion will find this resource invaluable It covers the literature on abortion and religion found in books essays journal articles academic dissertations and Web sites And unlike many of the available bibliographies this one focuses only on the religious and moral issues therefore providing greater depth on those

two issues within one work      *Thinking Critically About Abortion* Nathan Nobis, Kristina Grob, 2019-06-19 This book introduces readers to the many arguments and controversies concerning abortion While it argues for ethical and legal positions on the issues it focuses on how to think about the issues not just what to think about them It is an ideal resource to improve your understanding of what people think why they think that and whether their and your arguments are good or bad and why It s ideal for classroom use discussion groups organizational learning and personal reading From the Preface To many people abortion is an issue for which discussions and debates are frustrating and fruitless it seems like no progress will ever be made towards any understanding much less resolution or even compromise Judgments like these however are premature because some basic techniques from critical thinking such as carefully defining words and testing definitions stating the full structure of arguments so each step of the reasoning can be examined and comparing the strengths and weaknesses of different explanations can help us make progress towards these goals When emotions run high we sometimes need to step back and use a passion for calm cool critical thinking This helps us better understand the positions and arguments of people who see things differently from us as well as our own positions and arguments And we can use critical thinking skills help to try to figure out which positions are best in terms of being supported by good arguments after all we might have much to learn from other people sometimes that our own views should change for the better Here we use basic critical thinking skills to argue that abortion is typically not morally wrong We begin with less morally controversial claims adults children and babies are wrong to kill and wrong to kill fundamentally because they we are conscious aware and have feelings We argue that since early fetuses entirely lack these characteristics they are not inherently wrong to kill and so most abortions are not morally wrong since most abortions are done early in pregnancy before consciousness and feeling develop in the fetus Furthermore since the right to life is not the right to someone else s body fetuses might not have the right to the pregnant woman s body which she has the right to and so she has the right to not allow the fetus use of her body This further justifies abortion at least until technology allows for the removal of fetuses to other wombs Since morally permissible actions should be legal abortions should be legal it is an injustice to criminalize actions that are not wrong In the course of arguing for these claims we 1 discuss how to best define abortion 2 dismiss many common question begging arguments that merely assume their conclusions instead of giving genuine reasons for them 3 refute some often heard everyday arguments about abortion on all sides 4 explain why the most influential philosophical arguments against abortion are unsuccessful 5 provide some positive arguments that at least early abortions are not wrong 6 briefly discuss the ethics and legality of later abortions and more This essay is not a how to win an argument piece or a tract or any kind of apologetics It is not designed to help anyone win debates everybody wins on this issue when we calmly and respectfully engage arguments with care charity honesty and humility This book is merely a reasoned systematic introduction to the issues that we hope models these skills and virtues Its discussion should not be taken as absolute proof of anything much more needs to be understood and carefully

discussed always      *The Changing Voice of the Anti-Abortion Movement* Paul Saurette, Kelly Gordon, 2016-04-06 When journalists, academics, and politicians describe the North American anti-abortion movement, they often describe a campaign that is male-dominated, aggressive, and even violent in its tactics, religious in motivation, anti-women in tone, and fetal-centric in arguments and rhetoric. Are they correct? In *The Changing Voice of the Anti-Abortion Movement*, Paul Saurette and Kelly Gordon suggest that the reality is far more complicated, particularly in Canada. Today, anti-abortion activism increasingly presents itself as pro-women, using female spokespersons adopting medical and scientific language to claim that abortion harms women, and employing a wide range of more subtle framing and narrative rhetorical tactics that use traditionally progressive themes to present the anti-abortion position as more feminist than pro-choice feminism. Following a succinct but comprehensive overview of the two-hundred-year history of North American debate and legislation on abortion, Saurette and Gordon present the results of their systematic five-year quantitative and qualitative discourse analysis, supplemented by extensive first-person observations, and outline the implications that flow from these findings. Their discoveries are a challenge to our current assumptions about the abortion debate today, and their conclusions will be compelling for both scholars and activists alike.

**A Defense of Abortion** David Boonin, 2003 David Boonin has written the most thorough and detailed case for the moral permissibility of abortion yet published. Critically examining a wide range of arguments that attempt to prove that every human fetus has a right to life, he shows that each of these arguments fails on its own terms. He then explains how, even if the fetus does have a right to life, abortion can still be shown to be morally permissible on the critic of abortion's own terms.

**Readings in Health Care Ethics** Elisabeth Boetzkes, Wilfrid J. Waluchow, 2000-05-29 *Readings in Health Care Ethics* provides a wide-ranging selection of important and engaging contributions to the field of health care ethics. Designed as a course text for undergraduate use, the anthology includes fifty-six selections grouped into ten sections. Included are a wide range of the most important essays both on long-standing issues in biomedical ethics such as consent, euthanasia, and research involving human subjects, and on issues that have particularly come to the fore in recent years such as the allocation of scarce medical resources and genetic alteration. An extensive introduction provides an accessible general overview of ethical theory for those without previous familiarity with philosophical concepts.

**A Critical Introduction to the Ethics of Abortion** Bernie Cantens, 2019-02-07 *A Critical Introduction to the Ethics of Abortion* addresses some of the most prominent and influential arguments to the abortion debate. These include the Being a Person versus Functioning as a Person Argument, women's rights vis-à-vis the rights of the foetus, personhood as an essentially contested concept, and a virtue ethics approach. Also covered are central bioethical issues concerning prenatal screening, stem cell research, and cloning. Based on a critical assessment of the evidence, the book offers an impartial view and draws on the importance of critical thinking and the logic of argumentation. Providing an overview of the legal history of abortion in the United States, it discusses five of the most influential Supreme Court cases on abortion law during the past fifty years and examines the current state of abortion law.

politics and the main trends Presenting a balance between ethical concepts views and arguments A Critical Introduction to the Ethics of Abortion is an up to date introduction to the choice of abortion illustrating the importance of evidence clear thinking and good arguments for supporting one s ethical beliefs      Proposed Constitutional Amendments on Abortion

United States. Congress. House. Committee on the Judiciary. Subcommittee on Civil and Constitutional Rights,1976

**Abortion** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Constitutional Amendments,1976      **Bioethics** Megan-Jane Johnstone,2022-11-15 Now in its eighth edition Bioethics A Nursing Perspective provides practical guidance on the ethical issues you might come across in nursing practice with real world examples that help to bring this important subject to life Author Dr Megan Jane Johnstone AO Australia s foremost nursing ethics scholar provides a comprehensive framework for negotiating the ethical challenges obligations and responsibilities you might face The text is engaging and easy to follow and has been fully updated to reflect current issues in health care such as nurse practitioner assisted dying pandemic ethics and the moral costs of misinformation and medical conspiracy theories This book is a suitable companion to the law and ethics components of both undergraduate and postgraduate nursing studies and is relevant for all nurses who encounter ethical problems in their everyday practice Written in an engaging style suitable for undergraduate as well as postgraduate students and researchers Focuses on prominent and topical ethical issues facing individual nurses as well as the broader profession Covers a broad range of bioethical issues in health care and how these relate to various fundamental traditions in philosophical ethics Real life case studies and hypothetical scenarios to encourage debate Covers hot topics in modern nursing practice including Professional standards How to make moral decisions Cross cultural ethics including the problem of racism Dehumanisation and vulnerable populations Patient rights Mental health care ethics End of life care Moral politics of abortion and euthanasia Moral lessons of COVID 19 Additional resources on Evolve eBook on VitalSource Questions fostering critical reflection to support learning Key points and new chapter groupings for easy navigation New chapter on pandemic ethics      *In Search of Common Ground on Abortion* Robin West,Justin

Murray,Meredith Esser,2016-05-23 This book brings together academics legal practitioners and activists with a wide range of pro choice pro life and other views to explore the possibilities for cultural philosophical moral and political common ground on the subjects of abortion and reproductive justice more generally It aims to rethink polarized positions on sexuality morality religion and law in relation to abortion as a way of laying the groundwork for productive and collaborative dialogue Edited by a leading figure on gender issues and emerging voices in the quest for reproductive justice a broad concept that encompasses the interests of men women and children alike the contributions both search for common ground between opposing positions in our struggles around abortion and seek to bring balance to these contentious debates The book will be valuable to anyone interested in law and society gender and religious studies and philosophy and theory of law      Essays on Faith, Politics, Culture, and Philosophy Andrew J. Schatkin,2016-07-13 This book is a series of essays in the area of current

culture and its defects Christian religious belief and other political and philosophical issues A number of topics are considered in the book including the continued re emergence of the church in Africa and Asia the meaning of poverty and its implication for Christians in the life of Christ and the church the status of women in the Church the issue of abortion the contrast between the visible and invisible church and the interaction between Christ and culture Other essays consider the role and nature of Satan Jesus as revolutionary and the existence of angels and demons In addition some essays include an analysis of the decline of the American Middle Class the nature of American Culture the money culture and many other topics which no doubt will be of value and interest to the reader

**Happy Abortions** Erica Millar, 2017-12-15 A provocative and important book that every pro choice advocate should read Sin ad Kennedy Coalition to Repeal the 8th Amendment When it comes to abortion today's liberal climate has produced a common sense that is both pro choice and anti abortion The public are fed an unchanging version of what the abortion choice entails and how women experience it While it would prove highly unpopular to insist that all pregnant women should carry their pregnancy to term the idea that abortion could or should be a happy experience for women is virtually unspeakable In this careful and intelligent work Erica Millar shows how the emotions of abortion are constructed in sharp contrast to the emotional position occupied by motherhood the unassailable placeholder for women's happiness Through an exposition of the cultural and political forces that continue to influence the decisions women make about their pregnancies forces that are synonymous with the rhetoric of choice Millar argues for a radical reinterpretation of women's freedom

**Encyclopedia of Women in Today's World** Mary Zeiss Stange, Carol K. Oyster, Jane E. Sloan, 2011-02-23 This work includes 1000 entries covering the spectrum of defining women in the contemporary world

### Abortion Essays Against Abortion Introduction

In today's digital age, the availability of Abortion Essays Against Abortion books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Abortion Essays Against Abortion books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Abortion Essays Against Abortion books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Abortion Essays Against Abortion versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Abortion Essays Against Abortion books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Abortion Essays Against Abortion books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Abortion Essays Against Abortion books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Abortion Essays Against Abortion books

and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Abortion Essays Against Abortion books and manuals for download and embark on your journey of knowledge?

### FAQs About Abortion Essays Against Abortion Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Abortion Essays Against Abortion is one of the best book in our library for free trial. We provide copy of Abortion Essays Against Abortion in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Abortion Essays Against Abortion. Where to download Abortion Essays Against Abortion online for free? Are you looking for Abortion Essays Against Abortion PDF? This is definitely going to save you time and cash in something you should think about.
