Tarbell,1998-12 The work here offered the public was begun in 1894 at the suggestion of Mr S S McClure and Mr J S Phillips editors of McClure s Magazine Their desire was to add to our knowledge of Abraham Lincoln by collecting and preserving the reminiscences of such of his contemporaries as were then living In undertaking the work it was determined to spare neither labor nor money and in this determination Mr McClure and his associates have never wavered Without the sympathy confidence suggestion and criticism which they have given the work it would have been impossible They established in their editorial rooms what might be called a Lincoln Bureau and from there an organized search was made for reminiscences pictures and documents To facilitate the work all persons possessing or knowing of Lincoln material were asked through the magazine to communicate with the editor The response was immediate and amazing Hundreds of persons from all parts of the country replied In every case the clues thus obtained were investigated and if the matter was found to be new and useful was secured The author wrote thousands of letters and traveled thousands of miles in collecting the material which came to the editor simply as a result of this request in the magazine The work thus became one in which the whole country cooperated No attempt has been made to cover the history of Lincoln s times save as necessary in tracing the development of his mind and in illustrating his moral qualities It is Lincoln the man as seen by his fellows and revealed by his own acts and words that the author has tried to picture

Abraham Lincoln's Hanks Family Genealogy Vicky Reany Paulson,2014-10-30 My goal has always been to provide the correct genealogy for Nancy Hanks Lincoln My motto has always been If I have no source I have no proof If the source is a person then it s hearsay If this genealogy is to be correct it must be done with documentation There is a reason the Shipley and Abraham Hanks theories have no documentation They are not valid Both authors did not have the ability to research documents as I have today Thirty years ago I also had to go to the source of the document This is no longer a barrier as it was in the past I can do my research in the comfort of my computer chair at home with the help of technology You will go down many of incorrect paths If you focus on dates it helps you to see your going the wrong way If you take the time to study the history of the era in which you are researching in it s laws names of counties it s economy and government structure it helps you make sense of genealogy patterns What kind of documentation would exist in this time frame Did the county change its boundary or change its name in this time frame Were there any wars or conflicts at this time Was my descendant involved in a war the government and what were the marriage laws property laws of this era All of these can help direct you
