The College Stalker Shannon Reland, 2023-10-23 Braelynn and Jennifer graduated high school Both of them got accepted to the same college in New York It was called the Academy of Arts Braelynn wanted to be a fashion designer and Jennifer would like to become a professional photographer Braelynn came from a large family while Jennifer was an only child and lived with her mother until she passed away from cancer during their senior year of high school They were related through their mothers They were cousins and very close like sisters Jennifer s mother passed away a few weeks before graduation No one knew what happened to Jennifer s father Braelynn s family took in Jennifer when her mother died She wanted to sell everything except the important things that she cared about Jennifer didn t want any reminders of what happened to her growing up Braelynn s parents divorced when she was fifteen Her father was cheating on her mother and he got caught by her oldest brother Braelynn and Jennifer drove down to college and got settled into the dorm room and their classes They passed each other from time to time but that was it during the day They did have different classes after all They were studying hard going to a few parties meeting new people and seeing some familiar faces from their classes They thought about pledging to some sororities but later they saw that they were not their cup of tea They made a lot of friends which was always good That was how Jennifer met her girlfriend Leigh Ann They went home for the holidays and summer breaks as well During their junior year in college they found out that they were related to one of their friends named Olivia Her mother got Olivia s mother s phone number so they could talk and meet for the first time They planned for everyone to meet over Thanksgiving break and help them get to Maine from Ohio John stalked her for a while because he wanted to date her and she nicely refused him She let him know that she was in college to study her profession and she was not interested in starting any kind of relationships for the time being He didn t take no for an answer and started following them around campus She asked him politely to leave them alone and he still followed them It got so bad that they had to change their schedule on the weekends to run errands They even changed where they would go out to eat and get their breakfast if that was what they wanted to do She was not letting him scare her off though She was still living her life They went to the same places just different times He finally took the hint and left them alone for the time being He saw them at a few parties and tried to dance with her Their guy friends put a barrier around them girls which she was very thankful for During their last year of college he asked her out She said as friends and that was the start They went out together with other couples because she didn t know John and didn t want to be alone with him After a while they started dating They went to a few parties together with her friends Jennifer and Leigh Ann went too She lost her virginity to him and later in their senior year she became pregnant by him He didn t use protection and she was inexperienced so she had no clue what to do She had the talk with her mother but really didn t know about that sort of thing John told her that he couldn t be the father because he had a childhood accident She told him that she never cheated on him and the baby was his He left her standing in the middle of campus crying in

Jennifer's arms She let her family know during Thanksgiving break Her brothers wanted to kick his butt because as a young man he should have taken precautions Her family let her know that they were behind her no matter what she decided Did John try to get back with her What would happen to the baby To find out read book 2 **Vogue**, 1958 **Harper's Bazaar**, 1947 **The College Board College Handbook** College Entrance Examination Board, 2007-06 Presents information on enrollment fields of study admission requirements expenses and student activities at two and four year colleges *The Complete Book of Colleges 2021* The Princeton Review, 2020-07 The mega guide to 1 349 colleges and universities by the staff of the Princeton Review including detailed information on admissions financial aid cost and more Cover **The Complete Book of Colleges, 2020 Edition** Princeton Review, 2019-07-02 No one knows colleges better than The Princeton Review Inside The Complete Book of Colleges 2020 Edition students will find meticulously researched information that will help them narrow their college search **The Complete Book of Colleges, 2013 Edition** Princeton Review, 2012-08-07 Profiles every four year college in the United States providing detailed information on academic programs admissions requirements financial aid services housing athletics contact names and campus life **The Complete Book of Colleges, 2018 Edition** Princeton Review, 2017-07 Includes information on admissions cost financial aid required and recommended admissions criteria cost breakdowns and types of financial aid for 1 355 colleges and universities *American Artist* Ernest William Watson, Arthur Leighton Gupitill, 1958 *Complete Book of Colleges, 2011 Edition* Princeton Review (Firm), 2010-08-03 Lists more than 1 600 colleges and universities and provides information about admissions and academic programs *The Complete Book of Colleges, 2017 Edition* Princeton Review, 2016-07 The MEGA GUIDE to 1 355 COLLEGES AND UNIVERSITIES No one knows colleges better than The Princeton Review Inside The Complete Book of Colleges 2017 Edition you ll find meticulously researched information that will help you narrow the search for the best college for you Each of the 1 355 user friendly profiles answers your questions including How much are tuition and other student fees and costs What types of financial aid are available and when are the applications due What do admissions officers most look for in test scores and recommendations Which majors are the most popular and have the highest enrollment What is the housing like and how accessible is technology on campus What are the key campus organizations athletics and student activities How selective is the school Plus Indexes based on cost selectivity and size that will help you narrow your search Get a leg up on your college search with this easy to use comprehensive and savvy guidebook from the experts at The Princeton Review *The College Board College Handbook* College Board, 2008 This comprehensive guide contains objective information on every accredited college in the U S 2 150 four year colleges and universities and 1 650 two year and community colleges A planning calendar and worksheets help students organize their applications **The College Board college handbook** College Entrance Examination Board, 2005 Presents a collection of profiles on 2000 four year and 1 6000 two year accredited colleges including information on enrollment major fields of study admissions requirements
