Small-business Guide to Winning at Web Marketing Cyndie Shaffstall, 2010-05-05 If you're launching a new company or becoming a self-employed entrepreneur then this book is for you. Small business Guide to Winning at Web Marketing will help you to understand the electronic and traditional marketing landscapes and show how you can use them to benefit and grow your business. Today's marketing is a lot like playing pinball. It's not a straight shot; you have to bounce around a lot to really rack up the points and since some pins are worth more than others you need a certain amount of skill and luck to be able to ping them more than once. In this book you'll learn the game basics, some strategy and a few tricks but mastering pinball web marketing will depend entirely on how long you can keep the ball in play. I've spent 30 years as an entrepreneur where you do it yourself because you don't have the budget for otherwise. There are thousands of search engine optimization services that you can enlist but you should understand the options available. There is so much where you can contribute and this will reduce the financial impact on your company that expensive contractors can have. This book starts with your web site and rolls right on through social media, social bookmarking, blogging, press releases, news announcements, printed material, QR codes and much more. Don't flounder; you don't have time. Get this book and win at web marketing. *Rules for Real Estate Success* C. Perez, 2011-09-16 A veteran real estate agent shares simple but powerful techniques to connect with more customers, close more sales and maximize success. There are more than 1.7 million real estate agents in the United States and Canada. Thousands of new agents enter the profession each year hoping to make a comfortable living. But more than 80 percent of them will not be successful. To do well in this business you need to take your career seriously and equip yourself with training information and proven strategies. This guidebook provides you with the tools you need including hundreds of marketing tips to help you and business advice on responding to objections from clients, the thirty answers to the most common questions you'll be asked, strategies to ensure that open houses are successful, tips on how to interact with people on the phone and in person. While this guidebook offers hundreds of ideas, you'll prefer certain marketing and selling techniques over others. The goal is to ensure that you have every strategy out there so you can sell and succeed. You should know what to say, when to say it and how to say it. You will get the advice you need to close more sales with *Rules for Real Estate Success*.
