Re-Engendering Translation Christopher Larkosh,2014-04-08 Of interest to scholars in translation studies gender and sexuality and comparative literary and cultural studies this volume re examines the possibilities for multiple intersections between translation studies and research on sexuality and gender and in so doing addresses the persistent theoretical gaps in much work on translation and gender to date The current climate still seems to promote the continuation of identity politics by encouraging conversations that depart from an all too often limited range of essentializing gendered subject positions A more inclusive approach to the theoretical intersection between translation and gender as proposed by this volume aims to open up the discussion to a wider range of linguistically and culturally informed representations of sexuality and gender one in which neither of these two theoretical terms much less the subjects associated with them is considered secondary or subordinate to the other This discussion extends not only to questions of linguistic difference as mediated through the act of translation but also to the challenges of intersubjectivity as negotiated through culture race or ethnicity The volume also makes a priority of engaging a wide range of cultural and linguistic spaces Latin America under military dictatorship numerous points of the African cultural diaspora and voices from South Southeast and East Asia Such perspectives are not included merely as supplemental minority additions to an otherwise metropolitan centred volume but instead are integral to the volume s focus underscoring its goal of re engendering translation studies through a politics of alterity that encourages the continued articulation and translation of difference be it sexual or gendered cultural or linguistic

Annotated Cases, American and English ,1918 **Bullying, Impact on Health, and Beyond** Jorge C. Srabstein,2024 Initially this book was intended to raise awareness among health and public health professionals about what is known about the evolving understanding of the multifaceted and toxic nature of bullying as a psychosocial stressor

linked to a wide range of morbidity and prevalent across social settings along the lifespan and around the world In this context this book was primarily aimed at fostering the role of health and public health practitioners in developing strategies for the prevention and detection of bullying and treatment of its associated health risks The recognition during the process of developing this book that bullying is a type of maltreatment which may be associated with other forms of victimization led me to go beyond the notion of bullying and explore the spectrum of maltreatment

The American and English Annotated Cases, 1918

International Law Frederick Edwin Smith Earl of Birkenhead, 1911

The Fateful Alliance Hermann Beck, 2008

On 30 January 1933 Alfred Hugenberg's conservative German National People's Party (DNVP) formed a coalition government with the Nazi Party thus enabling Hitler to accede to the chancellorship This book analyzes in detail the complicated relationship between Conservatives and Nazis and offers a re-interpretation of the Nazi seizure of power the decisive months between 30 January and 14 July 1933 The *Machtergreifung* is characterized here as a period of all pervasive violence and lawlessness with incessant conflicts between Nazis and German Nationals and Nazi attacks on the conservative *Burgertum* a far cry from the traditional depiction of the takeover as a relatively bloodless virtually sterile assumption of power by one vast impersonal apparatus wresting control from another The author scrutinizes the revolutionary character of the Nazi seizure of power the Nazis attacks on the conservative *Burgertum* and its values and National Socialism's co-optation of conservative symbols of state power to serve radically new goals while addressing the issue of why the DNVP was complicit in this and paradoxically participated in eroding the foundations of its very own principles and bases of support

The Politics of Rape Jennifer L. Airey, 2012-09-20

The Politics of Rape: Sexual Atrocity Propaganda Wars and the Restoration Stage is the first full length study to examine representations of sexual violence on the Restoration stage By reading theatrical depictions of sexual violence alongside political tracts propaganda pamphlets and circulating broadsides this study argues that authors used dramatic representations of rape to respond to and engage with late century upheavals in British political culture Beginning with an examination of rape scenes in English Civil War propaganda *The Politics of Rape* argues that Roundhead authors described acts of rape and atrocity to demonize their enemies the Irish the Catholics and the Cavaliers After the Restoration propagandists and playwrights on each side of every political conflict would follow suit altering the rhetoric of sexual violence in response to each new moment of political upheaval The Restoration of Charles II the Second and Third Anglo Dutch Wars the Popish Plot the Exclusion Crisis the Glorious Revolution and the accession of William and Mary The study offers an intensive look at British propaganda culture gathering together a wealth of understudied pamphlet texts and identifying a series of stock figures that recur throughout the century The demonic Irishman sexually violent villain of the 1641 Irish Rebellion tracts the debauched Cavalier the secretly Catholic royalist rapist the poisonous Catholic bride the malignant consort who encourages the rapes of Protestant women the cannibal father the evil patriarch who rapes his daughters in laws before ingesting his own sons as a symbol of monarchical overreach and the

ravished monarch the male rape victim whose sexual violation protests his political disenfranchisement The study also traces the appearance of these figures on the British stage examining well known works by Dryden Rochester Behn Lee and Shadwell alongside lesser known plays by Orrery Howard Settle Crowne Ravenscroft Pix Cibber and Brady The Politics of Rape thus offers a new method for understanding of the geo political implications of theatrical sexual violence Published by University of Delaware Press Distributed worldwide by Rutgers University Press **Rage in the Belly** Luzia Sutter Rehmann, 2021-02-03 How is rage related to hunger Hunger is a liminal experience connected to powerlessness shame and violence Hunger does not issue into speech It cannot therefore be easily found in the biblical texts written by and about people who knew hunger It hides behind the words in these texts Rage conversely finds expression and in the texts it can alert readers to hidden experiences of hunger But rage is not just a response to the lack of food It is also a transformative force reaching towards a justice that is not yet real The experience of hunger and the fear of famine often go hand in hand with anger a rage that can bring whole populations to their feet Luzia Sutter Rehmann develops a biblical hermeneutic that centers on the fire in the belly of the hungry their rage that leads to protests and uprisings Her reading shows the poor or the many as those with whom Jesus cooperates and as subjects acting on their own initiative The book also highlights key socio historical information on the food situation of ancient Rome and Palestine on poverty political dependence and unrest droughts and famines
