All About Drug Addicts Yulia Basharova, 2025-01-30 Annotation This is not just a book it is a full fledged treatment at home independently and free of charge The course is designed for 3 months of home isolation Our method guarantees recovery if you follow all the recommendations in the book and do not engage in amateur activities Drug addiction is definitely curable do not even doubt it And do not believe those who claim the opposite This is the first book in the Self Help Guide for Smart Drug Addicts series The series consists of 3 books The first book is about the nature of drug addiction and the psychology of patients The second is about how to treat and the third is 120 lessons for home treatment We offer a scientific working approach to treatment based on psychiatry There are no psychological guesses and unnecessary reasoning The book is written from the words of psychiatrist Maxim Malyavin who has 30 years of experience working in a psychiatric hospital This book is psychotherapy in itself Reading it the patient recognizes himself in different situations and his self deception disappears he begins to think sensibly and a great desire to quit appears But Desire alone is not enough Therefore the book provides tools for relatives with the help of which they can force the patient to undergo treatment Voluntarily compulsorily Otherwise it is impossible with such patients Giving them the right to choose is tantamount to pushing them into the grave Drug addiction has an ugly face and you cannot believe everything you see and hear from a drug addict Almost every one of

them is sure that everything is fine with them and they can quit at any moment But it is not so If they could quit there would be no drug addicts and alcoholics We won't tell you that treating a drug addict at home is easy No it's difficult and exhausting But it's guaranteed to work The method has many conditions and restrictions For example organize home isolation get rid of your mobile phone provide yourself with a sober relative for control etc This is not just our whim it is really necessary and you must treat these moments very responsibly And the most important thing we want to convey to you Do not disown your children and spouses Be merciful This is a disease not a whim And this disease is treatable that's the main thing After treatment your relative will become the same as you remembered him before Quotes Therefore be reasonable And do not overestimate yourself By the way overestimating your strengths is what brought you to drug addiction Remember this Can you expect a patient with a disorder of desire to have a reasonable attitude towards his life The behavior of such patients is no different from that of patients who are delirious Alcoholics do not think about treatment until they have caused a lot of trouble with their own hands All means are justified for this purpose Sometimes it is necessary to contact the patient's boss sometimes it is necessary to involve his family It also makes sense to contact people who have authority for the patient colleagues friends A drug addict cannot be considered less dangerous than a person who has a venereal disease or is infected and there is a risk of infecting others In all these cases treatment is necessary which does not depend on the patient's decision If you ask any person who is not involved in drugs how he feels about drug addicts he will wrinkle his nose in disgust be surprised and say Not at all They don't concern me Drug addicts don't understand why society rejects them so much After all each of them as everyone knows is not at all like these losers And a drug addict almost never lies that's the worst thing When he promises something he's 100% sure that he'll do it He believes in it The Dark Hills Book 1-Delwyn'S Child Marie A. Fein,2011-09-14 Kyra is a young girl who has been sheltered by her parents and protected by the master healers of The Hills so that she may fulfill her destiny Latent abilities emerge in Kyra as she reaches the energy filled Hills where she will be studying for the next three years Unknown to Kyra her encounter with Lair the schools doyen is not her first She is also unaware that the master healers are in charge of helping her discover the powerful skills which she will use to defeat dark forces some are gentler guides than others Kyra is not alone in this adventure She quickly befriends Essa her confidant and is antagonized by Essas twin Aiden who Kyra rescues from the highly addictive Niacoce Archway In the end it is an unlikely ally who saves Kyra from a determined soul stalker allowing her to accomplish what the Destinies revealed

The Human Addictions Valentin Matcas,2016-04-20 Humans always seek pleasure humans venerate pleasure but are humans sentient or feelers by nature the way science depicts them Because if humans are defined as feelers and if they are expected to behave as feelers then this remains their meaning in life and in the world always to feel good to feel everything and to live life feeling the best even addicted Yet as you notice humans excel at reasoning the most and not mainly at feeling which describes more the animal kingdom Pleasure is very good and it is better than pain yet there is a difference between

feeling and reasoning Because reasoning is more about mastering life and the world while feeling is about celebrating these Yet even this statement is insufficient because feelings are not even abilities within your cognitive system but feelings are only meant to signal needs and their fulfillment rewarding or punishing you depending on circumstances While reasoning is your main cognitive ability and you should treasure it accordingly This lack of understanding makes a difference because if you happen to live your life valuing feelings including your good feelings more than your actual human abilities including all your cognitive abilities then feelings and pleasure in special remain your focus and meaning in life And with the multitude of artificial sources of pleasure that society offers good luck to you because it is only a matter of time before you too become addicted Since as we notice throughout the book becoming addicted is not only an error of judgment that you make while trying to feel good in life as everyone else it is not only a social constraint subduing you as everyone else but addiction is integral part of the normal natural process of your cognitive system and it is even used by your subconscious intelligence in various circumstances in order to render you always eager to fulfill specific highly important activities in life as it is the case with your natural need for reproduction You have to comprehend society as it is because once you are addicted you become weak predictable and controllable and this is how others take over your living and social niche to exploit you While you end up struggling with family problems finance problems and health problems ever after Would you like to be able to manage your life your thinking and your behavior Then you have to be able to manage your feelings first And you may do so not forcefully and not directly since you are not a mechanism but you can manage your feelings only by learning everything about your feelings needs development addictions intelligences reasoning behavior society Life the world and your meaning and place in Life and in the world This book creates an entire model of the human addictions which is still easy to read teaching you everything about drugs and how they work about pleasure and how it controls you and about the world and how it interacts with you before and during addictions If you want to learn more about addictions consequences and withdrawal this book is for you *Veiled in Smoke (The Windy City Saga Book #1)* Jocelyn Green,2020-02-04 Meg and Sylvie Townsend

Davis Bunn,1992-05-01 As the main entrance to the medieval city of Cracow Poland centuries of history have passed through Florian s Gate But for Alexander Kantor now a successful antiques dealer in London the place holds only one memory It was here that he was arrested by the Nazis as a young man There he passed from freedom to imprisonment there began a lifetime of challenges to his heritage his well being his relationships and his faith Through dramatic events spanning fifty years Florian s Gate follows members of a war torn Polish family as they come to terms with their circumstances and the choices that divided them Set in the luxurious trappings of today s London and the turbulent economies of Eastern Europe the mysterious disappearance of an antiques dealer causes Alexander to travel back to his homeland He did not suspect that the trail would ultimately lead to Florian s Gate and the discovery of a treasure of infinite value A fascinating story blending a family epic with mystery and romance **Deadly Aim (Angel Delaney Mysteries Book #1)** Patricia H.
