**Making American Boys** Kenneth B. Kidd, 2004 Will boys be boys What are little boys made of Kenneth B Kidd responds to these familiar questions with a thorough review of boy culture in America since the late nineteenth century From the boy work promoted by character building organizations such as Scouting and 4 H to current therapeutic and pop psychological obsessions with children s self esteem Kidd presents the great variety of cultural influences on the changing notion of boyhood Kidd finds that the education and supervision of boys in the United States have been shaped by the collaboration of two seemingly conflictive approaches In 1916 Henry William Gibson a leader of the YMCA created the term boyology which came to refer to professional writing about the biological and social development of boys At the same time the feral tale with its roots in myth and folklore emphasized boys wild nature epitomized by such classic protagonists as Mowgli in The Jungle Books and Huck Finn From the tension between these two perspectives evolved society s perception of what makes a good boy from the responsible son asserting his independence from his father in the late 1800s to the idealized sexually confident and psychologically healthy youth of today The image of the savage child raised by wolves has been tamed and transformed into a model of white middle class masculinity Analyzing icons of boyhood and maleness from Father Flanagan s Boys Town and Max in Where the Wild Things Are to Elin Gonzlez and even Michael Jackson Kidd surveys films psychoanalytic case studies parenting manuals historical accounts of the discoveries of wolf boys and self help books to provide a rigorous history of what it has meant to be an all American boy Kenneth B Kidd is assistant professor of English at the University of Florida and associate director of the Center for Children s Literature and Culture

**Olivia Manning** Deirdre David, 2013-01-10 Olivia Manning A Woman at War is the first literary biography of the twentieth century novelist Olivia Manning It tells the story of a writer whose life and work were shaped by her own fierce ambition and like many of her generation the events and aftermath of the Second World War From the time she left Portsmouth for London in the mid 1930s determined to become a famous writer through her wartime years in the Balkans and the Middle East and until her death in London in 1980 Olivia Manning was a dedicated and hard working author Married to a British Council lecturer stationed in Bucharest Olivia Manning arrived in Romania on the 3rd September 1939 the fateful day when Allied forces declared war on Germany For the duration of World War Two she kept one step ahead of invading German forces as she and her husband fled Romania for Greece and then Greece for the Middle East where they stayed until the end of the war These tumultuous wartime years are the subject of her best known and most transparently autobiographical novels The Balkan Trilogy and The Levant Trilogy Olivia Manning refused to be labelled a feminist but her novels depict with cutting insight and sardonic wit the marginal position of women striving for independent identity in arenas frequently controlled by men whether on the frontlines of war or in the publishing world of the 1950s However she did not just write about World War Two and women s lives Amongst other things Manning published fiction about making do in Britain s post war Age of Austerity about desecration of the

environment through uncontrolled development and about the painful adjustment to post war British life for young men As the author of thirteen published novels two volumes of short stories several works of non fiction and a regular reviewer of contemporary fiction she was a visible presence on the British literary scene throughout her life and her work provides a detailed insight into the period Grounded in thorough research and enriched by discussion of previously unexamined manuscripts and letters Olivia Manning A Woman at War is a timely study of Olivia Manning s remarkable life Deirdre David integrates incisive critical analysis of Manning s writing with extensive discussion of the historical contexts of her fiction

Michele Meek,2023-04-04 Teen films of the 1980s were notorious for treating consent as irrelevant with scenes of boys spying in girls locker rooms and tricking girls into sex While contemporary movies now routinely prioritize consent ensure date rape is no longer a joke and celebrate girls desires sexual consent remains a problematic and often elusive ideal in teen films In *Consent Culture and Teen Films* Michele Meek traces the history of adolescent sexuality in US cinema and examines how several films from the 2000s including *Blockers* *To All the Boys I've Loved Before* *The Kissing Booth* and *Alex Strangelove* take consent into account Yet at the same time Meek reveals that teen films expose how affirmative consent yes means yes fails to protect youth from unwanted and unpleasant sexual encounters By highlighting ambiguous sexual interactions in teen films such as girls failure to obtain consent from boys queer teens subjected to conversion therapy camps and youth manipulated into sexual relationships with adults Meek unravels some of consent's intricacies rather than relying on oversimplification By exposing affirmative consent in teen films as gendered heteronormative and cis centered *Consent Culture and Teen Films* suggests we must continue building a more inclusive consent framework that normalizes youth sexual desire and agency with all its complexities and ambivalences      **Westward Bound** Lesley Erickson,2011-08-01

*Westward Bound* debunks the myth of Canada's peaceful West and the masculine conceptions of law and violence upon which it rests by shifting the focus from Mounties and whisky traders to criminal cases involving women between 1886 and 1940 Erickson's analysis of these cases shows that rather than a desire to protect official responses to the most intimate or violent acts betrayed an impulse to shore up the liberal order by maintaining boundaries between men and women Native people and newcomers and capital and labour Victims and accused could only hope to harness entrenched ideas about masculinity femininity race and class in their favour This fascinating exploration of hegemony and resistance in key contact zones draws prairie Canada into larger debates about law colonialism and nation building      **Violence in America's**

**Schools** R. Murray Thomas,2006-10-30 The problem of violence in schools has not gone away despite radical reductions in violent crimes throughout the country over the last decade Students continue to harass haze and harm each other in a variety of ways disrupting classrooms and whole schools In the wake of the Columbine massacre many focused on the worst kind of school violence deadly assaults with dangerous weapons But other forms of violence are more persistent common and just as destructive in many ways fighting sexual abuse carrying weapons to school vandalism and assorted other crimes that happen behind the closed doors of elementary middle and high schools across the country The consequences range from violent victimization and death to the disruption of learning and fear among student bodies and teaching staffs Here Thomas provides a foundation for understanding why the violence occurs preventing it from happening and treating both offenders and victims after it happens Using scores of case descriptions to illustrate the types of school violence and their treatment in recent years the author skillfully shows readers how the problem of violence and crime in schools is an insidious issue that

cannot go untreated He offers both tested and proposed methods for dealing with a host of violence issues and a guide to planning treatment of the problem and its associated consequences He answers the questions What are prominent types of violence in American schools What conditions contribute to those types of violence What methods can be applied in an effort to reduce school violence Readers will come away from this book with a greater understanding of the scope of violence in America s schools and the myriad ways of addressing it      **The Shocking Miss Pilgrim** Frederica Sagor Maas,2010-09-12 Freddie Maas s revealing memoir offers a unique perspective on the film industry and Hollywood culture in their early days and illuminates the plight of Hollywood writers working within the studio system An ambitious twenty three year old Maas moved to Hollywood and launched her own writing career by drafting a screenplay of the bestselling novel The Plastic Age for It girl Clara Bow On the basis of that script she landed a staff position at powerhouse MGM studios In the years to come she worked with and befriended numerous actors and directors including Norma Shearer Joan Crawford and Eric von Stroheim as well as such writers and producers as Thomas Mann and Louis B Mayer As a professional screenwriter Fredderica quickly learned that scripts and story ideas were frequently rewritten and that screen credit was regularly given to the wrong person Studio executives wanted well worn plots but it was the writer s job to develop the innovative situations and scintillating dialogue that would bring to picture to life For over twenty years Freddie and her friends struggled to survive in this incredibly competitive environment Through it all Freddie remained a passionate outspoken woman in an industry run by powerful men and her provocative nonconformist ways brought her success failure wisdom and a wealth of stories opinions and insight into a fascinating period in screen history      **Aggressive Prose** Rajmund Ohly,1981
