After The Fact The Art Of Historical Detection:

After the Fact James West Davidson, Mark H. Lytle, 2000 The authors argue that there is a troubling growing disinterest in or even animosity toward the study of the past How is it that when historians have found so much that excites curiosity other people find history irrelevant and boring The authors suggest that if these individuals had a better understanding of how historians go about their work how they examine evidence how they pose questions and how they reach answers studying history would become more engaging adapted from introduction **After the Fact: the Art of Historical Detection. to repeating its mistakes In the contemporary United States this dire outlook drives a contentious debate about what key events nations and people are essential for history students Sam Wineburg says that we are asking the wrong questions This book demolishes the conventional notion that there is one true history and one best way to teach it Although most of us think of history and learn it as a conglomeration of facts dates and key figures for professional historians it is a way of knowing a method for developing and understanding about the relationships of peoples and events in the past A cognitive psychologist Wineburg has been engaged in studying what is intrinsic to historical thinking how it might be taught and why most students still adhere to the one damned thing after another concept of history Whether he is comparing how students and historians interpret documentary evidence or analyzing children s drawings Wineburg s essays offer rough maps of how ordinary people think about the past and use it to understand the present Arguing that we all absorb lessons about history in many settings in kitchen table conversations at the movies or on the world wide web for instance these essays acknowledge the role of collective memory in filtering what we learn in school and shaping our historical thinking [The Teaching American History Project](#) Rachel G. Ragland, Kelly A. Woestman, 2010-05-26 The premise of the Teaching American History TAH project a discretionary grant program funded under the U S Department of Education s Elementary and Secondary Education Act is that in order to teach history better teachers need to know more history Unique among professional development programs in emphasizing specific content to be taught over a particular pedagogical approach TAH grants assist schools in implementing scientifically based research methods for improving the quality of instruction professional development and teacher education in American history Illustrating the diversity of these programs as they have been implemented in local education agencies throughout the nation this collection of essays and research reports from TAH participants provides models for historians teachers teacher educators and others interested in the teaching and learning of American History and presents examples of lessons learned from a cross section of TAH projects Each chapter presents a narrative of innovation documenting collaboration between classroom community and the academy that gives immediate and obvious relevance to the teaching and learning process of American history By sharing these narratives this book expands the impact of emerging practices from individual TAH projects to reach a larger audience across the nation **Western Art, Western History** Ron Tyler, 2019-03-07 For nearly half a century celebrated historian Ron Tyler has researched interpreted and exhibited western American art This splendid volume gleaned from Tyler s extensive career of connoisseurship brings together eight of the author s most notable essays reworked especially for this volume Beautifully illustrated with more than 150 images Western Art Western History tells the stories of key artists both famous and obscure whose provocative pictures document the people and places of the nineteenth century American West The artists depicted in these pages represent a variety of personalities and artistic styles According to Tyler each of them responded in unique ways to the compelling and exotic drama that unfolded in the West during the nineteenth century an age of exploration surveying pleasure travel and scientific discovery In

eloquent and engaging prose Tyler unveils a fascinating cast of characters including the little known German Russian artist Louis Choris who served as a draftsman on the second Russian circumnavigation of the globe the exacting and precise Swiss artist Karl Bodmer who accompanied Prince Maximilian of Wied on his sojourn up the Missouri River and the young American Alfred Jacob Miller whose seemingly frivolous and romantic depictions of western mountain men and American Indians remained largely unknown until the mid twentieth century Other artists showcased in this volume are John James Audubon George Caleb Bingham Alfred E Mathews and finally Frederic Remington who famously sought to capture the last glimmers of the old frontier A common thread throughout Western Art Western History is the important role that technology especially the development of lithography played in the dissemination of images As the author emphasizes many works by western artists are valuable not only as illustrations but as scientific documents imbued with cultural meaning By placing works of western art within these broader contexts Tyler enhances our understanding of their history and significance

History as Mystery Michael Parenti, 2016-08-22 In a lively challenge to mainstream history Michael Parenti does battle with a number of mass marketed historical myths He shows how history's victors distort and suppress the documentary record in order to perpetuate their power and privilege And he demonstrates how historians are influenced by the professional and class environment in which they work Pursuing themes ranging from antiquity to modern times from the Inquisition and Joan of Arc to the anti labor bias of present day history books *History as Mystery* demonstrates how past and present can inform each other and how history can be a truly exciting and engaging subject Michael Parenti always provocative and eloquent gives us a lively as well as valuable critique of orthodoxy posing as history Howard Zinn author of *A People's History of the United States* Deserves to become an instant classic Bertell Ollman author of *Dialectical Investigations* Those who keep secret the past and lie about it condemn us to repeat it Michael Parenti unveils the history of falsified history from the early Christian church to the present a fascinating darkly revelatory tale Daniel Ellsberg author of *The Pentagon Papers* Solid if surely controversial stuff Kirkus

1788 Morristown Ghost Hoax, The: The Search for Lost Revolutionary War Treasure Peter Zablocki, 2022 A Fabulous Fable of the Supernatural Kind The saga of the Morristown ghost has been told around campfires and dinner tables in Morris County for generations Local legend claimed British Loyalists secretly buried stolen Patriot treasure on Schooley Mountain as they fled the oncoming forces of George Washington during the Revolutionary War Years later in 1788 a former school teacher from Connecticut Ransford Rodgers convinced local prominent Morristown families that a ghost was protecting the true location of the treasure and he alone could exercise it Little did the victims know Rodgers was perpetuating an elaborate hoax and eventually extorted large sums of money from the embarrassed local elite The tale has been recounted in various sensational pamphlets and publications ever since leaving behind a mystery of what is true or myth Author Peter Zablocki separates fact from fiction in the story of the great Morristown ghost hoax
