Lees die storie vir jou kind:  
'Die Groot 5'

Eendag in die sonnige savanne, was daar vyf spesiale vriende, die Afrika Groot Vyf. Leeu, die dapper koning, het 'n brul so sterk soos die wind.

Olifant, die grootste, het met sy lang slurp water gespuit. Renoster, met sy stewige horing, het rustig in die modder gerol. Buffel, met sy groot horings, het lekker in die gras gewei. En luiperd, die vinnige jagter, het saggies deur die bosse beweeg. Hulle het almal saam gespeel en die klein diertjies van die savanne beskerm. En so het hulle die beste vriende in die hele wildtuin geword.

*South Africa*, 1964      *South Africa* Tom Hopkinson, 1964 Everybody wants to know about South Africa It is a country ruled by an oligarchy whose forefathers came from Europe It has been settled for more than 300 years It is a land of perplexing contrasts      **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects** University of California (System). Institute of Library Research, University of California, Berkeley, 1972      **The Cambridge Companion to the African Novel** F. Abiola Irele, 2009-07-23 Africa's strong tradition of storytelling has long been an expression of an oral narrative culture African writers such as Amos Tutuola Naguib Mahfouz Wole Soyinka and J M Coetzee have adapted these older forms to develop and enhance the genre of the novel in a shift from the oral mode to print Comprehensive in scope these new essays cover the fiction in the European languages from North Africa and Africa south of the Sahara as well as in Arabic They highlight the themes and styles of the African novel through an examination of the works that have either attained canonical status an entire chapter is devoted to the work of Chinua Achebe or can be expected to do so Including a guide to further reading and a chronology this is the ideal starting point for students of African and world literatures      The Oxford Guide to Literature in English Translation Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available      **The Palgrave Handbook of African Colonial and Postcolonial History** Martin S. Shanguhya, Toyin Falola, 2018-01-28 This wide ranging volume presents the most complete appraisal of modern African history to date It assembles dozens of new and established scholars to tackle the questions and subjects that define the field ranging from the economy the two world wars nationalism decolonization and postcolonial politics to religion development sexuality and the African youth experience Contributors are drawn from numerous fields in African studies including art music literature education and anthropology The themes they cover illustrate the depth of modern African history and the diversity and originality of lenses available for examining it Older themes in the field have been treated to an engaging re assessment while new and emerging themes are situated as the book's core strength The result is a comprehensive vital picture of where the field of modern African history stands today      **South African Gothic** Rebecca Duncan, 2018-06-15 The term Gothic has rarely been brought to bear on contemporary South African fictions appearing too fanciful for the often overtly political writing of apartheid and post apartheid South Africa As the first book length exploration of Gothic impulses in South African literature this volume accounts for the Gothic currents that run

through South African imaginaries from the late nineteenth century onwards South African Gothic identifies an intensification in Gothic production that begins with the nascent decline of the apartheid state and relates this to real anxieties that arise with the unfolding of social and political change In the context of a South Africa unmaking and reshaping itself Gothic emerges as a language for long suppressed histories of violence and for ongoing experiences at odds with utopian images of the new democracy Its function is interrogative and ultimately creative South African Gothic challenges narrow conceptions of the status quo to drive at alternative less exclusionary visions *Politics of the Female Body* Ketu H. Katrak, 2006 Is it possible to simultaneously belong to and be exiled from a community Arguing that it is possible the author uncovers the ways that the female body becomes a site of both oppression and resistance She reveals common political and feminist alliances across geographic boundaries
