States. Department of Health, Education, and Welfare,1964 The Transformation of the Laity in Bergamo, 1265-c.1400

Roisin Cossar,2006-07-01 This book examines the tension between social mores and religious activities among the laity in the Italian diocese of Bergamo during the later Middle Ages 1265 c 1400 Comparing the religious activities of lay men and women both rich and poor across a range of pious and ecclesiastical institutions including confraternities hospitals parishes and the diocese Roisin Cossar shows how the laity s access to these institutions increasingly came to depend on their gender and social status during the fourteenth century At the same time she argues that all lay people regardless of gender and social status viewed themselves as equal members of a lay ordo The book thus illuminates the complexity of late medieval religious culture as it simultaneously reflected and challenged secular social values **Morbidity and Mortality Weekly Report** ,1983 Medieval and Renaissance Lactations Jutta Gisela Sperling,2016-04-22 The premise of this volume is that the ubiquity of lactation imagery in early modern visual culture and the discourse on breastfeeding in humanist religious medical and literary writings is a distinct cultural phenomenon that deserves systematic study Chapters by art historians social and legal historians historians of science and literary scholars explore some of the ambiguities and contradictions surrounding the issue and point to the need for further study in particular in the realm of lactation imagery in the visual arts This volume builds on existing scholarship on representations of the breast the iconography of the Madonna Lactans allegories of abundance nature and charity women mystics food centered practices of devotion the ubiquitous practice of wet nursing and medical theories of conception It is informed by studies on queer kinship in early modern Europe notions of sacred eroticism in pre tridentine Catholicism feminist investigations of breastfeeding as a sexual practice and by anthropological and historical scholarship on milk exchange and ritual kinship in ancient Mediterranean and medieval Islamic societies Proposing a variety of different methods and analytical frameworks within which to consider instances of lactation imagery breastfeeding practices and their textual references this volume also offers tools to support further research on the topic *Early Modern Italy* Christopher Black,2002-01-04 Early Modern Italy is a fascinating survey of society in Italy from the fifteenth to the eighteenth centuries the Renaissance to the Enlightenment Covering the whole of the Peninsula from the Venetian Republic to Florence through to Naples it shows how the huge economic cultural and social divides of the period still affect the stability of present day united Italy This is an essential guide to one of the most vibrant yet tempestuous periods of Italian history *Tropical Diseases Bulletin* ,1921 **Russian Plagues** Freya Donovan,AI,2025-03-21 Russian Plagues explores the recurring and devastating plague epidemics that swept through Russia fundamentally altering its demographic political and medical landscape The book examines how these outbreaks far from being isolated incidents significantly shaped Russia s trajectory One intriguing fact is how these plagues contributed to long term population trends and labor shortages Furthermore the study looks at how governmental authority evolved in response to these crises from implementing quarantine measures to adjusting economic policies The book adopts a chronological and

thematic approach starting with an overview of plague history and then delving into specific outbreaks such as the major epidemic during Catherine the Great's reign. Each chapter focuses on the plague's impact on population, governmental responses, and the emerging medical understanding of the disease. The analysis is supported by primary accounts and demographic data, providing a comprehensive view of how infectious diseases have shaped Russian history. **The Philadelphia Medical Journal** George Milbry Gould, James Hendrie Lloyd, 1900 Publications - Department of the Interior.
