Accountants' Journal, 1928 *Ebook: Managerial Accounting - Global Edition* Ronald Hilton, David Platt, 2014-09-16 We are pleased to present this Global Edition which has been developed specifically to acquaint students of business with the

fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing. The emphasis is on teaching students to use accounting information to best manage an organization. Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. There is significant coverage of contemporary topics such as activity based costing, target costing, the value chain, customer profitability analysis and throughput costing, while also including traditional topics such as job order costing, budgeting and performance evaluation. Many of the real world examples in the Management Accounting Practice boxes have been revised and updated to make them more current and several new examples have been added. This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U.S. edition.

Exploring Digital Resilience Roberta Cuel, Diego Ponte, Francesco Virili, 2022-07-23. This book explores multidimensional issues concerning digital resilience and analyzes how people and organizations maintain, enhance and protect value stemming from digital technologies. Society is now heading for a future in which organizations and people will increasingly depend on digital technologies, yet to date many are still unaware of the scale and risks associated with the digital transformation. As a result, there is an urgent need for digital resilience to drive a fundamental shift in the way people and organizations understand digital technologies, risks and opportunities. The book gathers a selection of the best papers presented at the annual conference of the Italian chapter of AIS, which took place in Trento, Italy, in October 2021. The diverse range of views put forward by the authors makes it particularly relevant for scholars and practitioners interested in organization and for all of us living in the digital transformation era.
