and CEO of Connor Hotels and Eleanor Sawyer the fixer he hired to solve his company's problems in the American market have come to the US to do research and get a closer view of what might be going wrong. The problem is before they left the UK they shared a number of adventures and one steamy kiss that left them both wanting more and afraid to admit it. Now that they're in the US and Daniel has decided to play tourist they're in for a few new adventures and with all the feelings they've got bubbling under the surface and another steamy kiss on the schedule both are wondering whether they're going to be able to see this contract out and save the chain of hotels or throw in the towel and make the most unprofessional move ever by admitting their feelings for one another.

Book 3 Sometimes sacrifices are worth the cost. Even or perhaps most especially those made out of love. Eleanor Sawyer is a fixer. People pay her to fix their companies for them and she's never met a problem she couldn't figure out. Until Daniel Connor hired her. And it's not his company she's having problems with. No, she has a plan for how to increase Connor Hotels' sales in the American market and it's good enough that she's impressing even herself. When it comes to figure out Daniel himself though and those flashing eyes, smiling lips, and flirty looks along with the occasional kiss she's finding herself at a complete loss. She doesn't know if she wants to play along or tell him to remember who she is just another employee. Because now she's got an even bigger problem. She's starting to fall in love with him.
