The Investors' Review ,1895 Mining Law and Governance in Africa Victoria R. Nalule, 2023-06-09 This book explores the various issues that characterise the African mining sector drawing examples from different African countries and regional organisations Although there is a massive literature on the subject some issues have been neglected including the crucial role of digitalisation and technological advancement in resolving the environmental and social challenges faced in Artisanal and Small Scale Mining ASM deep sea mining mining contract negotiations and modernising mining laws to reflect the increasing role of critical minerals to mention but a few Therefore the book unpacks the critical issues associated with the mining sector explicitly reflecting on the practical solutions needed to address the challenges in the African mining sector This book uniquely analyses and adds flavour to international mining s fundamental concepts by describing a simulated annealing based approach appropriate for complex mining projects in Africa Book contributors comprise of academics from different universities including professors practitioners government policymakers NGO executives and a variety of different experts This multidisciplinary book will be of interest to African policymakers governments academics industry professionals

energy and mining institutions international organisations universities across the globe and companies      *China's African Challenges* Sarah Raine, 2013-10-18 China's relations with African nations have changed dramatically over the past decade African oil now accounts for more than 30% of China's oil imports and China is Africa's second largest single country trading partner as well as a leading lender and infrastructure investor on the continent Yet these developments are bringing challenges not only for Africa and the West but for China as well This book examines these challenges considering Africa as a testing ground both for Chinese companies going global and for a Chinese government that is increasingly having to deal with issues beyond its shores and immediate control What does China need to do to protect and develop its African engagements against a backdrop of mounting African expectations concerns from Western actors in Africa and the rival presence of other emerging actors How sustainable is the momentum that China has established in its African ventures China's adaptations to the challenges it is facing in Africa are examined and assessed as are the implications of these changes for China Africa and the West China's African engagements are certainly changing Africa but could they also be changing China

**The Mine Investors' Guide** Floyd Davis, 1909      *China's Grand Strategy Under Xi Jinping* Niv Horesh, 2020-11-29 This book attempts to identify change and continuity in PRC grand strategy and the extent to which Chinese imperial history complicates PRC global outreach in the Xi Jinping era Empires convey the wish to make the world a better place even in the midst of oppression and are eschatological in their rhetoric However empires that last longer have been more pragmatic in their grand strategy sometimes appropriating the aura of past golden ages and at other times learning from the mistakes of their predecessors To date Chinese strategic thinkers are preoccupied with learning lessons from the disintegration of the USSR and fascinated by the secrets of American power Interdisciplinary in its reach analysing grand strategy through both rhetoric and praxis this book unpacks the Chinese world view through critical examination of the latest history textbooks currently in use in PRC middle schools It also brings new evidence to bear on the debate in the West about Chinese strategic culture Finally it compares historical Japanese OFDI patterns with China in order to understand what makes the Chinese economy unique China's Grand Strategy Under Xi Jinping is aimed towards students and scholars of history international business and wider Chinese studies      *Corruption and Illegality in Asian Investment Arbitration* Nobumichi Teramura, Luke Nottage, Bruno Jetin, 2024-04-19 This open access book explores Asian approaches towards investment arbitration a transnational procedure to resolve disputes between a foreign investor and a host state setting it in the wider political economy and within domestic law contexts It considers the extent to which significant states in Asia are or could become rule makers rather than rule takers regarding corruption and serious illegality in investor state arbitration Corruption and illegality in international investment are widely condemned in any society but there remains a lack of consensus on the consequences especially in investment arbitration A core issue addressed is whether a foreign investor violating a host state's law should be awarded protection of its investment as per its contract with the host state and or the applicable investment

or trade agreement between the home state and the host state Some suggest such protection would be unnecessary as the investor committed a crime in the host state while others attempt to establish an equilibrium between the investor and the host state Others claim to protect investment invoking the sanctity of promises made The book starts with a deep dive into economic and legal issues in corruption and investment arbitration and then explores the situation and issues in major countries in the region in detail It is a useful reference point for lawyers economists investors and government officials who are seeking comprehensive and up to date information on anti bribery rules in Asian investment treaties It is of particular interest to students and researchers in economics finance and law who are undertaking new research relating to the multifaceted impacts of corruption

**Sovereign Investment** Karl P. Sauvant, Lisa E. Sachs, Wouter P.F. Schmit Jongbloed, 2012-12-06 Sovereign Investment Concerns and Policy Reactions provides the first major holistic examination and interdisciplinary analysis of sovereign wealth funds Sovereign wealth funds currently hold three trillion dollars worth of investments almost twice the amount in all the hedge funds worldwide and are predicted to hold nine trillion more by 2015 This relatively new and rapidly expanding phenomenon remains relatively unregulated but the International Monetary Fund and the G7 aim to establish temporary and voluntary rules to introduce transparency and uniformity until more permanent regulatory structures are instituted What permanent rules and procedures should govern sovereign wealth funds What bodies should enforce them Do the current provisional rules answer the national security concerns of host countries Editors Karl P Sauvant Lisa Sachs and Wouter P F Schmit Jongbloed address these questions in a collection of essays by leading authorities from the IMF academic institutions law firms multi national corporations and think tanks Together these authors analyze how sovereign wealth funds have helped to limit the effects of the current global economic crisis and what rules can govern their operation in the future
