

### Multiple Choice Question (MCQ) Answer Sheet Instructions

Please read this page very carefully before starting the exam.

Please note that this exam will be negatively marked. That is, a fraction of a mark ( $1/(n-1)$ , where  $n$  is the number of options) will be subtracted for each wrong answer e.g. a wrong answer to a question with 4 possible choices will receive a mark of  $-0.33$ . This is intended to ensure that if you guess at random, you will get a score of zero. Questions that are not answered or where the answer is illegible will score zero.

**Notes for filling out the MCQ answer sheet:**

1. You must use a pen to complete your MCQ answers as faint marks may not be picked up when your marksheet is scanned.
2. To record an answer entirely fill in the relevant letter choice for each question. If you make a mistake, clearly cross out the old answer and fill in the new answer.
3. Mark only one answer for each question.
4. Do not mark the sheet anywhere except as instructed; this may result in rejection of the sheet from the reader.
5. Write your name in the boxes provided.
6. It is absolutely necessary to record your ID number (shown on your Library Card) accurately in the space provided. This is done as follows:
  - Write the first 7 digits of your ID number in the box provided (see diagram) i.e. omitting the final digit, which should be in a lighter font. Do not use any other number. If in doubt call an invigilator.
  - Beneath the box fill in the appropriate corresponding number in the column below each digit.
  - Please note that this is the only criteria by which your answer sheet will be recognised by the optical reader. If you get it wrong the sheet will be rejected from the reader!
