20march Of Dimes Report Card:

Coming to Term Debbie McCulliss, 2022-05-26 Debbie McCulliss sadly learned the many tragedies of pregnancy the hard way Although she ultimately raised two healthy children creating a family was more challenging than she ever imagined Unfortunately despite technological advances today many pregnancies continue to end in heartbreak rather than joy In a poignant medical narrative McCulliss chronicles her journey through grief and joy as she worked as a registered nurse in a neonatal ICU and discovered the many things that can go wrong during pregnancy all while bravely dealing with her own miscarriages and high risk pregnancies With the intent of educating supporting and inspiring women who have had difficulty conceiving carrying a baby to term or who need a dose of hope McCulliss shares personal anecdotes that reveal how her journey led her to create a pioneering program to care for women struggling with high risk pregnancy Included are journal exercises and appendices that offer helpful tips and resources Coming to Term is a creative expression of grief and joy that offers personal essays and practical advice from a former NICU nurse who battled to create her own family and help others dealing with infertility and high risk pregnancies

Born too soon: decade of action on preterm birth World Health Organization, 2023-05-09 Every year 1 in 10 babies are born too soon Preterm birth is the leading cause of under 5 child deaths and accounts for over one third of all newborn deaths A preterm baby's chances of survival are starkly different based on where they are born newborns in sub Saharan Africa and Southern Asia are 10 times more likely to die in their first month than newborns in high income countries In 2012 an impressive global coalition of partners launched Born Too Soon The Global Action Report on Preterm Birth setting a pathway for intensified advocacy and action on maternal and newborn health Today there is much progress to celebrate especially in the care of preterm babies However rates of preterm birth have barely shifted and the burden of preterm birth remains huge impacting babies families communities and whole societies through a staggering loss of human capital At this juncture 10 years since the original report partners from over 60 organizations and 40 countries have come together again to develop Born Too Soon A Decade of Change for Preterm Birth This report looks back at the progress and challenges of the past decade and grapples with contemporary challenges such as conflict climate change COVID 19 and the cost of living crisis Born Too Soon elevates the voices of survivors and affected families and puts a strong emphasis on upholding their rights and providing respectful and family centered care The report identifies priority investments and solutions needed at scale to accelerate action country examples demonstrate that progress is possible
