might expect a longer career Today Sidney Crosby is the first generational superstar whose every shift could be his last He invented a faster game and the faster game has taken its toll on its creator Crosby has suffered several concussions and missed most of an entire season with symptoms He plays the game fearlessly but he also plays it without a bodyguard The irony is that he created a league that made it harder for him to thrive And the tragedy may be that he has created a league that will bring his career to an end in one fell swoop in front of millions Telling the story of a generational talent and the way he has revolutionized the game Gare Joyce will also bring into focus crucial questions about the way the game is played today assessing fighting and concussions in the light of the way these issues impinge on arguably the greatest player ever to skate
