University Of Malawi Selection List:

Intersectionality and Women's Access to Justice in Africa J. Jarpa Dawuni, 2022-10-17 Intersectionality and Women's Access to Justice edited by J Jarpa Dawuni propounds layered intersectionality as a paradigm for examining how gendered factors affect women's access to justice whether as judges or litigants Through intersectional and decolonial frameworks the contributors analyze the lived experiences of women and their access to justice by situating the courtroom as both a spatial and a temporal arena for seeking justice as litigants and for seeking access to the bench as judges This book examines patterns of mutually reinforcing discriminatory practices that women share based on common gender identities and depending on which identities are at play at a given point in time in both traditional and statutory courts The book provides recommendations for various justice sector providers

Names Fashioned by Gender Thenjiwe Meyiwa, Madoda Cekiso, 2023-12-01 Names are very powerful and significant especially in the African context Across societies there is a universal albeit taken for granted fact that all human beings have names Names Fashioned by Gender is a collection of essays on onomastics a linguistics field of study focusing on the origin form history and use of proper names The study of naming potentially provides significant evidence about the role of gender in the assimilation and or enculturation processes as personal names evoke insight into the construction of gender and personhood in African societies The book takes intellectual course from the idea that how names are viewed and used is heavily context dependent and gendered It demonstrates that personal names are narratives derived from different contexts within various cultures and circumstances subsequently imposing different identities on name bearers Through persuasive essays this book elucidates that naming is an activity that needs to be conducted cautiously because names tend to determine the destiny and character of an individual Print editions not for sale in Sub Saharan Africa

Samuel Decalo,1995 Landlocked Malawi is a poor agrarian Central African state stretching west along the elongated lake of the same name The country first came to global prominence because of the explorations and anti slavery pleas of Dr Livingstone and once again in the 1950s when Nyasaland as it then was refused to be merged by Britain with the two Rhodesias in the Central African Federation Dr Hastings Banda led the nationalist movement a campaign of civil disobedience that forged a nation and finally gained the fragile country independence as Malawi Professor Decalo lists the most pertinent and recent books and articles on Malawi and briefly refers the reader to an additional 250 works

Africana Libraries Newsletter ,2000 *I WILL TRY* David Kamtima Mzembe,2013-03-15 A Globalised Individual Each time I review my humble beginnings in the northern shores of Malawi I can t help but see a long and torturous yet rewarding journey through life Long and torturous because many tedious and risky trips to various parts of the world were involved and rewarding because the journeys involved exciting and enlightening experiences I suppose the most rewarding outcome from the journeys is my having become a globalized individual This spiritual and intellectual maturation is as much the result of my experience with the diversity of humanity across the globe as it is the result of my unrelenting pursuit of secular and spiritual education Yet my role in the fight against a dictatorship and poor human rights conditions in Malawi didn t play an insignificant role in my personal growth Therefore the history of my personal growth is a history of world travel secular education and many solicitous trips into my inner space As a globalized individual not only am I free of all forms of prejudice I am also capable of a world embracing vision that extends well into the future of humanity I am thus open minded and a believer in peace and unity at all levels of the world community Moreover I am a lover of God people and nature a disposition of spirituality and freedom Thus because I love I am free Birth Reflections and childbirth was ever a matter exclusive to the world of women Even today no male is allowed to attend a traditionally supervised birth and no male apart from the father is allowed to see the newly born child until the ritual of showing the baby out a couple of weeks later is complete Although modern hospitals and clinics encourage men to witness the birth of their children most men don t feel free to attend in fear of lifting the perceived sacredness surrounding child birth Fighting Upon Arrival My generation in Malawi was fated to face

successive life battles that would threaten on multiple fronts from day one Right from birth we faced inadequate nutrition poverty and disease It was only by nature s design that our infantile entry into battle with our adversaries did accelerate our defences against them Another battle we were born into was to retain our cultural identity and political independence in the face of a foreign government over us The fight for freedom brought turmoil and fear into my growth environment and the fight protracted into my early years so that I actually experienced its heat then It was rather unfortunate that soon after independence from Britain and before we could find our own voice in the world community of nations we had to enter another battle against home grown autocracy and repression a battle that my generation would own and which would exile me It was the fight against autocracy and repression that saw me on the frontline of the political and diplomatic offensive against the regime of Dr Banda in Malawi Thus this story is about my life at the centre of all those life battles especially the battle against dictatorship in Malawi a fight that kept me in exile for an extended period of time **FIRST-CLASS CITIZEN**

OF A THIRD-WORLD COUNTRY Sam Thunde,2024-12-02 First Class Citizen of a Third World Country is an autobiography describing the roots and first thirty years of the author s life It is a story of the humble beginnings every African born outside royal bloodlines faces While it is telling Sam s story the book often zooms out from the person of Sam to share Africa s rich culture by describing events places and native practices in detail to shed light on life in Africa Malawi Sam s story offers a different vantage point from the stereotypical narrative in which Africa is depicted as a hopeless land of struggle constant conflict and abject poverty His story unveils a new perspective of Africa He shares his universally relatable socioeconomic struggles his relationships with family friends and lovers his encounters with oppression and privilege and so much more Not cowering from controversy he also shares his views on economics politics and religion most of which deviate from conventional thinking Oftentimes Africa is only seen as a place the story this book shares will unearth the human side of Africa It will show the world that people in Africa have hopes dreams ambitions and goals that they love and hurt they have relationships with one another and with the transcendent and that ultimately everyone just wants to attain inner contentment by bettering their lives A central theme of the book is Sam s spiritual journey which he believes to be the key to achieving maximum human satisfaction It is his hope that by sharing the wisdom he has collected in his first thirty years you will arrive at the same conclusion *Monthly Catalog of United States Government Publications* United States. Faith at the Frontiers of Knowledge Ross, Kenneth R.,2018-05-22 Unity of knowledge is not easily achieved in today s Africa where often there is little conscious interaction between traditional beliefs Christian faith and modern secularity The challenge is taken up in this book as scholars from a variety of disciplines wrestle with the relation of faith and science at the frontiers of knowledge The results are important alike for the integrity of faith for scienti c advance and for the

attainment of creative cultural unity in society Readers with such concerns at heart will find much food for thought as they traverse the broad frontiers explored in these wide ranging essays **International Directory of Marketing Information Sources** ,1988 **History, status and future of common carp (*Cyprinus carpio* L.) as an exotic species in Malawi** Orton V. Msiska, Barry A. Costa-Pierce, 1993-01-01 Nietzsche and Modern German Thought Keith Ansell-Pearson, 2012-10-12 Nietzsche is no longer a marginal figure in the study of philosophy This collection of specially commissioned essays reflects the emergence of a serious interest amongst philosophers sociologists and political theorists By considering Nietzsche's ideas in the context of the modern philosophical tradition from which it emerged his importance in contemporary thought is refined and reaffirmed Modern German thought begins with Kant and has rarely escaped his influence It is with respect to this Kantian heritage that this volume examines Nietzsche These essays critically consider Nietzsche's relation to Kant and the post Kantian tradition In broad terms it is his relation to the domains of knowledge ethics and aesthetics that is through the three Kantian critiques that Nietzsche's thought is illuminated This allows a surprising variety of areas and questions both about Nietzsche and about philosophy to be investigated Women's Programmes Carol J.
