web mastering predictive analytics with scikit learn and tensorflow covers various implementations of ensemble methods

how they are used with real world datasets and how they improve prediction accuracy in classification and regression

problems this book starts with ensemble methods and their features

how to make predictions with scikit learn activestate - Oct 06 2022

web summary in this chapter we talked about feature selection methods how to distinguish between useful features and

features that are not likely to be helpful in prediction we talked about dimensionality reduction and we learned how to

perform pca in scikit learn
