**University Rankings and the Mediatization of Higher Education** Michelle Stack, 2016-04-12 Higher Education Institutions simultaneously critique and participate in national and international rankings of universities However this creates a difficult situation since if universities do participate in rankings they acquiesce to a system based in media logics that has little to do with academic norms of research If they do not participate in the rankings they risk losing public funding students and donors in an increasingly competitive and globalized environment This book delves into the influence of journalists business tycoons and multinational corporations in defining what world class is and how it will be measured Rankings provide us with a rich study for understanding how universities define deploy and manage their assets and liabilities in a mediatized globalized economy *Social Justice and Community College Education* Bryan Reece, 2021-07-05 This book explores the central role community colleges play in American social justice The United States has long standing social and cultural structures that perpetuate inequality along race ethnicity and income lines The primary role of American community colleges is to disrupt these structures on behalf of the students we serve In this sense community colleges are called to play a subversive role in contemporary society but it is a good kind of subversion *Social Justice and Community College Education* makes four very important contributions to this conversation First the book helps us quantify and understand the size and dimension of the equity gaps in higher education by tracking ten specific student groups from historically underserved communities Second the book summarizes best practices research and literature with regard to pedagogy services programs and leadership in community colleges presenting practical strategies for implementation Third through a national survey of community college personnel the book covers significant new territory in the discussion of work

we need to do collaboratively as community colleges Fourth this book captures the unique and special mission of American community colleges Our work is the work of social justice and we carry this work out in society at a greater volume with greater intentionality and through greater expertise than any other sector of higher education In this arena community colleges should lead *U.S. News & World Report* ,1995 **Final Report** Michael Sauder,2009 **Jesus Skeptic** John S. Dickerson,2019-10-15 Can we know if Jesus actually lived Have Jesus s followers been a force for good or evil in history A respected journalist set out to find the answers not from opinion but from artifacts The evidence led him to an unexpected conclusion Jesus really existed and launched the greatest movement for social good in human history A first of its kind book for a new generation Jesus Skeptic takes nothing for granted as it explores whether Jesus actually lived and how his story has changed our world You ll learn what heroes like Martin Luther King Jr and Harriet Tubman believed about Jesus discover how Jesus inspired women s rights education rights and modern hospitals see visual proofs of Jesus s impact never before compiled in one place be inspired to continue Jesus s fight for human rights justice and progress Jesus Skeptic unveils convincing physical evidence that will enlighten seekers skeptics and longtime Christians alike In a generation that wants to make the world a better place we can discover what humanity s greatest champions had in common a Christian faith *U.S. News and World Report* ,2007 **The Challenge of Establishing World-class Universities** Jamil Salmi,2009 Governments are becoming increasingly aware of the important contribution that high performance universities make to competitiveness and economic growth This book explores what are the challenges involved in setting up globally competitive universities also called elite or flagship universities *The Innovative University* Clayton M. Christensen, Henry J. Eyring,2011-06-24 The Innovative University illustrates how higher education can respond to the forces of disruptive innovation and offers a nuanced and hopeful analysis of where the traditional university and its traditions have come from and how it needs to change for the future Through an examination of Harvard and BYU Idaho as well as other stories of innovation in higher education Clayton Christensen and Henry Eyring decipher how universities can find innovative less costly ways of performing their uniquely valuable functions Offers new ways forward to deal with curriculum faculty issues enrollment retention graduation rates campus facility usage and a host of other urgent issues in higher education Discusses a strategic model to ensure economic vitality at the traditional university Contains novel insights into the kind of change that is necessary to move institutions of higher education forward in innovative ways This book uncovers how the traditional university survives by breaking with tradition but thrives by building on what it s done best **Entry Points to US Education** Jing Luan, Leilt Habte, David L. Di Maria, Krishna Bista,2024-05-27 Entry Points to US Education Accessing the Next Wave of Growth focuses on the imperative need to modernize international education as a result of the changes in international student mobility Centered around the ten entry points the book looks into the distinct preferences and approaches of Generation Z Gen Z students offering data driven strategies to navigate the ten entry points to U S

undergraduate degrees This book also provides actionable strategies and model practices and encourages a national dialogue around student engagement to enhance in the context of global mobility Editors Jing Luan is Provost Emeritus of San Mateo Colleges of Silicon Valley San Mateo County Community College District and former President of the Association of International Enrollment Management Leilt Habte is the Associate Director of the Transfer Center at the University of California Berkeley Center for Educational Partnership David L Di Maria is a Senior International Officer and Associate Vice Provost for international education at the University of Maryland Baltimore County Krishna Bista is a Professor of Higher Education in the Department of Advanced Studies Leadership and Policy at Morgan State University Baltimore Maryland Paperback available on Amazon <https://www.amazon.com/dp/1957480327> **Remaking the American University** Robert

Zemsky, Gregory R. Wegner, William F. Massy, 2005 At one time universities educated new generations and were a source of social change Today colleges and universities are less places of public purpose than agencies of personal advantage Remaking the American University provides a penetrating analysis of the ways market forces have shaped and distorted the behaviors purposes and ultimately the missions of universities and colleges over the past half century The authors describe how a competitive preoccupation with rankings and markets published by the media spawned an admissions arms race that drains institutional resources and energies Equally revealing are the depictions of the ways faculty distance themselves from their universities with the resulting increase in the number of administrators which contributes substantially to institutional costs Other chapters focus on the impact of intercollegiate athletics on educational mission even among selective institutions on the unforeseen result of higher education s outsourcing a substantial share of the scholarly publication function to for profit interests and on the potentially dire consequences of today s zealous investments in e learning A central question extends through this series of explorations Can universities and colleges today still choose to be places of public purpose In the answers they provide both sobering and enlightening the authors underscore a consistent and powerful lesson academic institutions cannot ignore the workings of the markets The challenge ahead is to learn how to better use those markets to achieve public purposes A Guide to Practicum and Internship for School Counselors-in-Training Jeannine R.

Studer, 2015-05-01 A Guide to Practicum and Internship for School Counselors in Training 2nd ed covers all aspects of the practicum and internship experience from the initial contact with supervisors to detailed descriptions of students different roles Readers will gain both an awareness of the school culture and the understanding needed to develop an individualized philosophy of school counseling Specific topics covered include popular counseling theories used by school counselors strategies for working with special populations of students understanding the school counselor s role in utilizing the 2012 National Model of the American School Counselor Association ASCA including the inherent elements and themes putting the ASCA ethical standards into practice and administration of day to day tasks Each chapter contains activities case studies worksheets and images to facilitate understanding and all material presented is consistent with both the accreditation

**Revolution in Higher Education** Richard A. Demillo, 2017-03-03 A report from the front lines of higher education and technology that chronicles efforts to transform teaching learning and opportunity Colleges and universities have become increasingly costly and except for a handful of highly selective elite institutions unresponsive to twenty first century needs But for the past few years technology fueled innovation has begun to transform higher education introducing new ways to disseminate knowledge and better ways to learn all at lower cost In this impassioned account Richard DeMillo tells the behind the scenes story of these pioneering efforts and offers a roadmap for transforming higher education Building on his earlier book Abelard to Apple DeMillo argues that the current system of higher education is clearly unsustainable Colleges and universities are in financial crisis Tuition rises inexorably Graduates of reputable schools often fail to learn basic skills and many cannot find suitable jobs Meanwhile student loan default rates have soared while the elite Ivy and near Ivy schools seem remote and irrelevant Where are the revolutionaries who can save higher education DeMillo s heroes are a small band of innovators who are bringing the revolution in technology to colleges and universities DeMillo chronicles among other things the invention of MOOCs Massive Open Online Courses by professors at Stanford and MIT Salman Khan s Khan Academy the use of technology by struggling historically black colleges and universities to make learning more accessible and the latest research on learning and the brain He describes the revolution s goals and the entrenched hierarchical system it aims to overthrow and he reframes the nature of the contract between society and its universities The new institutions of a transformed higher education promise to demonstrate not only that education has value but also that it has values virtues for the common good

*Foreign Service Journal* ,2009

*Permission to Forget* Lee Jenkins, 2013-04-01 This book describes 10 decades of wasteful practices buried deep within U S schools Today s educators did not invent these wasteful practices they inherited them Five of the root causes are wasting time and five are wasting student potential Ten years ago the first edition of *Permission to Forget* was published and now this landmark anniversary edition is available Its legacy of improvement is report after report from educators describing what happens in schools when these root causes are removed It should not go unnoticed that root cause removal is free unlike legislated reforms Think about it free But teachers principals and district superintendents must collaborate in order to remove these root causes Teachers can not remove them by themselves Principals can not remove them by themselves Superintendents can not remove them by themselves Only together can teams of educators lead the removal of these 10 wasteful practices and provide America the education it desires
