Cracking the AP Psychology, 2004-2005 Princeton Review, 2004. The fiercer the competition to get into college, the more schools require that students prove themselves in other ways than SAT scores and grade point averages. The more expensive college educations become, the more students take advantage of the opportunity to test out off-first year college courses. Includes 2 sample tests with full explanations for all answers. The Princeton Review's proven score raising skills and techniques. Complete subject review of all the material likely to show up on the AP Psychology exam.
