figure out what's going on and why I'm one of the most boring average girls you could ever meet. So why would the government want me? And why do I feel a magnetic pull I can't explain to someone or something I've never met before?

**REMUS'S REVELATION** When I'm sucked into their bright light while at a study group, I'm shocked that they're abducting me from a room with other people. Why can I suddenly remember not only this visit but dozens more? And who is this strange new alien claiming I'm his mate?

**SELAS'S SALVATION** When I'm abducted by aliens at a study group with friends, I'm told if I give up my family and life on Earth, I can have the life I want. But it also comes with a little catch that definitely sounds interesting. Is there really someone out there that's perfect for me?

**ATTICUS'S ANGEL** My entire life is controlled by my mother and the genetic disease I was born with that robs me of so much, including the ability to have a baby. As if the special schools and special classes weren't enough, now my mother is considering a special home. So when I'm offered another life, one that sounds too good to be true, I jump at the chance to be healed and have a family. Of course, no one mentioned the danger.

**BROCK'S BELOVED** When I'm offered a chance to be healed, there really isn't anything that could make me turn it down. Even finding out my new mate comes from the most volatile lineage in their society. After all, I can talk down the most irrational idiots. How different could this be? What I don't expect is to enjoy it. But his possessiveness and dominating personality do strange things to me. And I like it.

**CHEVEPAK'S CHERISHED** When I'm approached and offered an important mission, a purpose that could help thousands of people lead a better life, I'm intrigued, especially since it also comes with a mate. Someone who's not only going to heal my body and want only me, but I'll never catch them banging someone else on the kitchen table. But on the way to fulfill my destiny, our spacecraft is almost destroyed by a sleeper spy attempting a suicide mission. Then we're hijacked by an insect-shaped species that's planning on conquering the Quasar planet. The Council seems dead set against even discussing either event, which leads us all to believe they're involved. But could the Sacred Mother, the planet's original salvation, be part of the conspiracy too? Will we reach the planet and find my mate in time to expose the truth of their women's past treachery to all the Quasar citizens, uniting them once and for all? Or will the Marel arrive first, taking over and harvesting them for food?

**MIHILE'S MARVEL** My mate's planet is under siege by the Marel, an insect-looking species of alien that accosts us on our way to Quasar. We escape but find out more. Marel are on the way. They're working with someone high in power on the planet, and we need to expose the female's original treaty with the Ashen. In addition to this new threat, is it too late to save the clueless on the planet Quasar and offer them additional protection? Will the Marel be able to set up their breeding farms when their backup arrives? Will the population of Quasar even believe the threat is real before it's too late? Don't miss out on these fated mate alien romances guaranteed to have you wanting a Quasar alien all for yourself.
