**Learning Differently** Elizabeth Blake-Casano, 2021-05-11 Too many parents wait too long to advocate for their children who learn differently because they feel incompetent or ignorant. When in reality children just need their parents to do the next right thing and walk it out one decision at a time. That can be scary though when you feel alone and like everyone else's child is normal. Learning Differently is meant to create a community of parents that will be brave enough to say "My kid is different and it is my job to fight for them until he/she is old enough to fight for themselves." We as parents hold the keys to whether or not these differences create victims or victors. Let's create champions together.

**Becoming Homeschoolers** Monica Swanson, 2024-05-07 Monica Swanson helps you navigate your real-world concerns about school culture and what it takes to create an amazing homeschool experience that you and your kids will never regret. If you've ever wondered whether you have what it takes to homeschool your children, look no further. Parenting author, podcaster and homeschool mom Monica Swanson is here to tell you you can do it. In fact, it can be the most fun, family-unifying character-building life-equipping experience you and your children will ever have. **Becoming Homeschoolers** tackles your legitimate doubts and fears about homeschooling as well as the questions you want answered before you commit: questions like where to start and how to choose a curriculum, build social skills, teach what you're not good at and prepare for college. With humor and encouragement, Monica weaves her own story of homeschooling her four boys with step-by-step practical advice on how to assess whether home education is right for you and your children. Establish a foundation of faith in your everyday homeschool routine. Find socialization opportunities such as sports and extracurricular activities. Care for yourself and your marriage even as you spend more time each day with your kids. Tackle the practical side of homeschooling including standardized tests, transcripts, college readiness and navigating education requirements. It's time to trade fear for empowerment and insecurity for confidence as you live out your own story of becoming homeschoolers.
