This examination of feminist collaboration reconceptualizes ideas about creativity cooperation and competition in higher education **Upsetting Composition Commonplaces** Ian Barnard, 2014-07-15 In

Upsetting Composition Commonplaces Ian Barnard argues that composition still retains the bulk of instructional practices

that were used in the decades before poststructuralist theory discredited them While acknowledging that some of the foundational insights of poststructuralist theory can be difficult to translate to the classroom Barnard upends several especially intransigent tenets that continue to influence the teaching of writing and how students are encouraged to understand writing Using six major principles of writing classrooms and textbooks clarity intent voice ethnography audience and objectivity Barnard looks at the implications of poststructuralist theory for pedagogy While suggesting some evocative poststructuralist pedagogical practices the author focuses on diagnosing the fault lines of composition s refusal of poststructuralism rather than on providing solutions in the form of teaching templates Upsetting Composition Commonplaces addresses the need to more effectively engage in poststructuralist concepts in composition in an accessible and engaging voice that will advance the conversation about relations between the theory and teaching of writing Concepts in Composition Irene L. Clark,2011-09-01 Concepts in Composition Theory and Practice in the Teaching of Writing is designed to foster reflection on how theory impacts practice enabling prospective teachers to develop their own comprehensive and coherent conception of what writing is or should be and to consider how people learn to write This approach allows readers to assume the dual role of both teacher and student as they enter the conversation of the discipline and become familiar with some of the critical issues New to this second edition are up to date primary source readings a focus on collaborative writing practices and collaborative learning additional assignments and classroom activities an emphasis on new media and information literacy and their impact on the teaching of writing These new directions will inform the content of this revision reflecting significant advancements in the field Each chapter addresses a particular theoretical concept relevant to classroom teaching and includes activities to help readers establish the connection between theoretical concepts and classroom lessons Online resources include overviews classroom handouts exercises a sample syllabus and PowerPoint presentations Bringing together scholars with expertise in particular areas of composition this text will serve as an effective primer for students and educators in the field of composition theory *Preaching Christology in the Roman Near East* Philip Michael Forness,2018 This study develops a methodology for approaching homilies that draws on a broader understanding of audience as both the physical audience and the readership of sermons It then offers a case study on the Syriac preacher Jacob of Serguh whose metrical homilies form one of the largest sermon collections in any language from late antiquity The Future of Invention John Muckelbauer,2009-01-08 Examines the concept of rhetorical invention from an affirmative nondialectical perspective

Renewing Rhetoric's Relation to Composition Shane Borrowman,Stuart Brown,Thomas Miller,2010-02-25 Examining the development of rhetoric and composition using the writings of Theresa Jarnagin Enos as a basis for studies of broader trends this book explores topics including the historical relations of rhetoric and composition their evolution within programs of study and Enos s research on gender How Writing Faculty Write Christine E. Tulley,2018-04-09 In How Writing Faculty Write Christine Tulley examines the composing processes of fifteen faculty leaders in the field of rhetoric and writing

revealing through in depth interviews how each scholar develops ideas conducts research drafts and revises a manuscript and pursues publication The book shows how productive writing faculty draw on their disciplinary knowledge to adopt attitudes and strategies that not only increase their chances of successful publication but also cultivate writing habits that sustain them over the course of their academic careers The diverse interviews present opportunities for students and teachers to extrapolate from the personal experience of established scholars to their own writing and professional lives Tulley illuminates a long unstudied corner of the discipline the writing habits of theorists researchers and teachers of writing Her interviewees speak candidly about overcoming difficulties in their writing processes on a daily basis using strategies for getting started and restarted avoiding writer s block finding and using small moments of time and connecting their writing processes to their teaching How Writing Faculty Write will be of significant interest to students and scholars across the spectrum graduate students entering the discipline new faculty and novice scholars thinking about their writing lives mid level and senior faculty curious about how scholars research and write historians of rhetoric and composition and metadisciplinary scholars Resources in education ,1986-04 **Writing-Based Teaching** Teresa Vilardi,Mary K. Chang,2009-11-10 Written by the team at Bard College s Institute for Writing and Thinking this book is designed to provide practical guidance regarding the challenges and potential of writing based teaching and suggestions for how to adapt the practices to particular classroom situations The contributors share candid first hand accounts of what it is like to make writing central to teaching in secondary schools and colleges As teachers of literature composition poetry mathematics anthropology and education they offer philosophical and theoretical reflections practical guidance and personal stories about how to help students become better more fluent writers close readers and reflective thinkers This book will be of interest to writing center directors for what it says about how to do collaborative learning and revision and seeing writing as a way to build community and to writing teachers for how it demystifies freewriting focused freewriting and dialectical notebooks

Nancy Drew and Her Sister Sleuths Michael G. Cornelius,Melanie E. Gregg,2025-03-05 This collection of essays focuses on the girl sleuth made famous by Nancy Drew but also characterized by other famous detectives like Cherry Ames Trixie Belden Linda Carlton and even in contemporary media by Veronica Mars and Hermione Granger of the Harry Potter series Topics include the disputed origins of Nancy Drew and the Stratemeyer Syndicate the intertwined relationships between the Syndicate and Nancy Drew s many ghostwriters the distinct and evolving textual identities of the Cherry Ames series the adaptation of the traditional archetype by contemporary girl detectives like Veronica Mars Lulu Dark and Ingrid Levin Hill and the ways in which Harry Potter s Hermione Granger while a central character in the series is often at odds with the male centric fantasy genre world of Harry Potter himself Instructors considering this book for use in a course may request an examination copy here **The Oxford Guide for Writing Tutors** Melissa Ianetta,Lauren Fitzgerald,2016 The Oxford Guide for Writing Tutors introduces two conversations to the tutor s preparation one about the creation of knowledge in

writing programs the other about tutor research This approach to tutor training provides several benefits First it allows tutors to test their theories of what might work in a writing center session and helps them to move professional conversation towards why such things happen They bridge the theory practice divide that often frustrates both novices and experienced tutors By conducting research to answer such questions tutors can help themselves the writers with whom they work their fellow tutors and the writers with whom they work And further this approach gives the reader new methods for appreciating and critiquing scholarly work making it easier to understand the best ways to help writers and to move the field forward As writing tutoring programs take on a variety of forms and pursue a range of missions this book aims to create a flexible text whose contents can be easily rearranged to support a broad spectrum of reader needs Each chapter accordingly can be read independently the text does not rely on a sequential reading to create meaning The book also includes intra textual and extra textual references for the reader who wants to inquire further That is throughout the book are references to material in other chapters that might be of interest to the reader intrigued by the topic at hand So too in each chapter we include references to and citations of the scholarship that supports much of the common knowledge of the field including in the Handbook both previous tutor education textbooks and research from the field The aim is to aid the interested reader's inquiry into the scholarship of the field as well as to ground advice about practice in research that testifies to the effectiveness a range of tutoring practices Much of the scholarship cited throughout the book is authored by undergraduate tutor researchers as well as several former tutors who were graduate students when they published their articles This crucial aspect best models the ways in which tutors themselves can bring together practice and research in their day to day work and in their informed thinking about this work Including tutor voices is an important tradition of the tutor education textbook because these are voices that speak to the issues concerning tutors in a range of institutions and programs across the country

Rereading the Sophists Susan C. Jarratt, 1998 In rereading the sophists of fifth century Greece Susan C Jarratt reinterprets classical rhetoric with implications for current theory in rhetoric and composition Provided by publisher **American Book Publishing Record**, 2000

Air & Light & Time & Space Helen Sword, 2017-04-17 From the author of *Stylish Academic Writing* comes an essential new guide for writers aspiring to become more productive and take greater pleasure in their craft Helen Sword interviewed 100 academics worldwide about their writing background and practices and shows how they find or create the conditions to get their writing done
