diverse body of work as a writer and director spanning multiple genres and featuring radically differing aesthetic styles While his early work comically explored taboo subjects with unerring directness he has also investigated politics with explosive satire In his most recent films including *American Hustle* and *Silver Linings Playbook* Russell examines characters and situations that are at once everyday and also extraordinary Whatever the project Russell is driven to explore the idiosyncrasies that make each character human and he extends that curiosity to explore what makes each actor unique His attentiveness to his cast members has earned him the label of actor's director due in no small part to the many nominations and awards earned by a long list of Hollywood stars in his movies Russell has also become one of our era's most interesting formal stylists as he adopts a visual design appropriate to each of his film's thematic concerns The result may be a color palette resembling the washed out pages of a newspaper achieved by manipulating the film stock for *Three Kings* or the tumultuous opening of *The Fighter* when an audacious roving camera plunges viewers straight into the story from the very first shots of the film Rather than building a signature style Russell has instead tested the varied possibilities of cinematic expression This career spanning volume features conversations with scholars and journalists as well as filmmakers Speaking to directors like Alexander Payne and Spike Jonze Russell contextualizes each of his films offers an intimate account of his evolving writing and directing process and opens his life to reveal how a remarkable body of work has come to be

African American Women in the Oprah Winfrey Network's Queen Sugar Drama Ollie L. Jefferson, 2021-01-15 This critical study interrogates the intersection of race and gender media representations on screen and behind the scenes The thought provoking investigation on the Oprah Winfrey Network's *Queen Sugar* series shows the ways in which the television drama is a significant contribution to mainstream media that creates in depth conversations concerning African American women's social roles social class and social change Ollie L. Jefferson provides a unique analysis of the television production by using the exemplary representations conceptual framework to contextualize and theorize research contributing to systemic change Jefferson highlights the best practices used by African American female executive producers Oprah Winfrey and Ava DuVernay by examining *Queen Sugar* as a case study The investigation shows how the decision makers produced multidimensional female characters to illustrate the complex humanity of Black lives This book broadens understanding of the media industry's need for culturally sensitive and conscious inclusion of women and people of color behind the scenes as media owners creators writers directors and producers to put an end to the persistent and pervasive misrepresentations of African American women on screen Scholars of television studies film studies media studies race studies and women's studies will find this book particularly useful

The Wrong Kind of Women Naomi McDougall Jones, 2020-02-04 A brutally honest look at the systemic exclusion of women in film an industry with massive cultural influence and how in response women are making space in cinema for their voices to be heard Generation after generation women have faced the devastating reality that Hollywood is a system built to keep them out The films created by that system influence everything

from our worldviews to our brain chemistry When women's voices are excluded from the medium the impact on society is immense Actor screenwriter and award winning independent filmmaker Naomi McDougall Jones takes us inside the cutthroat scandal laden film industry where only 5% of top studio films are directed by women and less than 20% of leading characters in mainstream films are female Jones calls on all of us to act radically to build a different kind of future for cinema not only for the women being actively hurt inside the industry but for those outside it whose lives purchasing decisions and sense of selves are shaped by the stories told Informed by the journey of her own career by interviews with others throughout the film industry and by cold hard data Jones deconstructs the casual commonplace sexism rampant in Hollywood that has kept women out of key roles for decades Next she shows us the growing women driven revolution in filmmaking sparked by streaming services crumbling distribution models direct to audience access via innovative online platforms and outside advocacy groups which has enabled women to build careers outside the traditional studio system Finally she makes a business case for financing and producing films by female filmmakers
