

# DO WE ALLOW ABORTION?

## (Argumentative Essay)

Abortion is an example of a very controversial issue. The two opposing viewpoints surrounding abortion are like two sides of a coin. On one side, there is the pro-choice activist and on the other is the pro-life activist.

The argument is a balanced one; for every point supporting abortion there is a counter-point condemning abortion. This essay will delineate the controversy in one type of comparison/contrast essay form: the "Argument versus Argument," or, "Block-by-Block" format. In this style of writing, first you present all the arguments surrounding one side of the issue, then you present all the arguments surrounding the other side of the issue. You are generally not expected to reach a conclusion, but simply to present the opposing sides of the argument.

One of the most divisive issues in America is the controversy surrounding abortion. Currently, abortion is legal in America, and many people believe that it should remain legal. These people, pro-choice activists, believe that it is the women's right to choose whether or not to give birth. However, there are many groups who are lobbying Congress to pass laws that would make abortion illegal. These people are called the pro-life activists.

Abortion is a choice that should be decided by each individual, argues the pro-choice activist. Abortion is not murder since the fetus is not yet fully human, therefore, it is not in defiance against God. Regardless of the reason for the abortion, it should be the woman's choice because it is her body. While adoption is an option some women chose, many women do not want to suffer the physical and emotional trauma of pregnancy and labor only to give up a child. Therefore, laws should remain in effect that protect a woman's right to choose.

Abortion is an abomination, argues the pro-life activist. It makes no sense for a woman to murder a human being not even born. The bible says, "Thou shalt not kill," and it does not discriminate between different stages of life. A fetus is the beginning of life. Therefore, abortion is murder, and is in direct defiance of God's will. Regardless of the mother's life situation (many women who abort are poor, young, or drug users), the value of a human life cannot be measured. Therefore, laws should be passed to outlaw abortion. After all, there are plenty of couples who are willing to adopt an unwanted child.

If we take away the woman's right to choose, will we begin limiting her other rights also? Or, if we keep abortion legal, are we devaluing human life? There is no easy answer to these questions. Both sides present strong, logical arguments. Though it is a very personal decision, the fate of abortion rights will have to be left for the Supreme Court to decide.

**Cultural Wars in American Politics** Rhys H. Williams, That contemporary American politics is divided into two differing ideological moral and lifestyle groups a divide so severe as to constitute a cultural war is a widely held popular belief The most systematic academic version of the culture wars claim has appeared in two influential books by sociologist James Davison Hunter the earlier dating from 1991 Hunter's formulation of the myth serves the contributors to this volume as a point of departure They add more measured analyses to the rhetorical overstatement in Hunter's claim assessing its accuracy with a broad range of evidence based on individual attitudes subcultural values political party dynamics and culture wide ideological currents On every level of analysis the contributors find that Hunter's bipolar axis obscures the variety of ways in which culture actually functions in current politics That variety receives the nuanced treatment it deserves in this collection Examining the full range of sources of cultural politics and offering competing models for understanding the

current ideological landscape this volume will be useful in a variety of classroom and seminar settings from political sociology and social movements to contemporary American culture and the sociology of religion
