\*Power ratings are determined after the break-in period and when an additional 8 hours minimum of wide open throttle operation has been accumulated. See **Break-In Procedure**.

Outboards have been rated in accordance with standard ICOMIA 28-83 test procedures and reflect modifications and/or improvements which have been incorporated into the outboard since its initial introduction.

Since a boat's performance can be influenced by factors other than outboard power, these power ratings reflect the performance characteristics of the outboard on a typical boat application.
