A Darker Shade Of Crimson Odyssey Of A Harvard Chicano:

A Darker Shade of Crimson Ruben Navarrette, Jr., 1994-09-01 In 1985 an ambitious young Mexican American from California's rural San Joaquin Valley became one of the few Latinos to enter America's most prestigious university. The lessons Ruben Navarrette Jr. learned as he journeyed from his middle class surroundings to an exclusive 350 year old world of privilege would forever alter his life. With intelligence and grace Navarrette chronicles his experiences at Harvard where he confronted questions of identity and ethnicity and wrestled with the need to reconcile his values and opinions with the expectations of his family, his race and society at large. More than a deeply personal memoir, *A Darker Shade of Crimson* also dares to pursue the complex questions of what needs to be done to provide a quality education for Latinos and other minorities in America. Whatever one's views on affirmative action, racism and liberal education in this country today, his provocative story will offer a new perspective on these issues and a message of hope for tomorrow's generation. Praise for *A Darker Shade of Crimson*: Hard hitting, funny, sad and inspiring. Chicago Tribune: Powerful for its twofold message that America must do more to educate Latinos, our fastest growing minority, and that freedom of thought belongs to everybody. Kirkus Reviews: **Double crossings** Mario Martín Flores, Carlos Von Son, 2001 The Leaning Ivory Tower Raymond V. Padilla, Rudolfo Chavez Chavez, 1995-07-01 Latino professors in American universities tell their own stories of survival within academia. Each story is a perspective, a slice of academic life. Collectively, the multiple perspectives in this volume provide a totality that is penetrating and disturbing but essential if we are to genuinely diversify our present and future professoriate. The accounts capture and challenge the academic cultural terrain as it is constructed and perceived by the writers: a cultural terrain that has been created to limit and exclude, based on and bound to cultural, racial, gender, religious and class manifestations and oppressive traditions. Each author, struggling with her and his own reality, is a study in authenticity and the engagement of liberation through self-critique. Through struggle with an oppressive academic world, the authors not only pursue their own liberation but simultaneously serve as liberating sponsors by restoring humanity back to those who oppress them. Thus *The Leaning Ivory Tower* is not just a metaphor for what it is; it also confronts, reconfigures and challenges us to redraw our paradigmatic and conceptual borders so that the democratic process will be a liberating practice evidenced throughout academia. **Murder at the Sleepy Lagoon**, **Claiming Home, Shaping Community** Gloria H. Cuádras, Yolanda Flores, 2017-11-14 Through first person testimonies, this anthology demonstrates the transformative power of higher education and its impact on the working class. Justice and Caring Michael S. Katz,Nel Noddings,Kenneth A. Strike,1999-04-09 This thought

provoking volume confronts the expected tension between care and justice as moral orientations. These original essays by renowned educators reveal how these two moral orientations can work together to produce wiser and more practical policies and practices. The authors explore problems at every level of education and tackle tough questions in theory, practice, and policy making. Using real life examples, they illustrate the great value of theoretical collaboration instead of competing with each other; justice and care should complement each other in both moral theory and practice.

La Pinta B. V. Olguín, 2010-01-01 In this groundbreaking study based on archival research about Chicana and Chicano prisoners known as Pintas and Pintos as well as fresh interpretations of works by renowned Pinta and Pinto authors and activists, B. V. Olguín provides crucial insights into the central roles that incarceration and the incarcerated have played in the evolution of Chicana/o history, cultural paradigms, and oppositional political praxis. This is the first text on prisoners in general and Chicana/o and Latina/o prisoners in particular that provides a range of case studies from the nineteenth century to the present. Olguín places multiple approaches in dialogue through the pairing of representational figures in the history of Chicana/o incarceration with specific themes and topics. Case studies on the first nineteenth century Chicana prisoner in San Quentin State Prison, Modesta Avila; renowned late twentieth century Chicano poets, Raúl Salinas, Ricardo Sánchez, and Jimmy Santiago Baca; lesser known Chicana Pinta and author Judy Lucero; and infamous Chicano drug baron and social bandit, Fred Gómez Carrasco, are aligned with themes from popular culture such as prisoner tattoo art and handkerchief art. Hollywood Chicana/o gang exploitation and the prisoner film *American Me* and prisoner education projects. Olguín provides a refreshing critical interrogation of Chicana/o subaltern agency which too often is celebrated as unambiguously resistant and oppositional. As such, this study challenges long held presumptions about Chicana/o cultures of resistance and proposes important explorations of the complex and contradictory relationship between Chicana/o agency and ideology.

Mutuality, Mystery, and Mentorship in Higher Education Mary Jo Hinsdale, 2015-03-17 This book is for higher education faculty and staff who wish to deepen their approach to mentoring all students, but it is especially concerned with outsider students: those who come from groups that were long excluded from higher education and who have been marginalized and minoritized by society and academia. Mentoring is difficult work for an abundance of reasons, and given higher education's troubled history of exclusion as well as a contemporary context fraught with social and power imbalances, it can be especially challenging.

when the mentorship takes place across dimensions of difference such as social class race ethnicity sexuality gender or ability Mutuality Mystery and Mentorship in Higher Education examines the seemingly spontaneous and serendipitous connection between mentor and protégé and points to a new vision of mentorship based on a deep sense of reciprocity between the two Hinsdale proposes that if more mentors take a responsive decolonizing approach to their work across difference then the promise of social and class mobility through education might be realized for more of our students and the tide might begin to turn toward an increasingly inclusive intellectually open academy *Breaking In* Joan

Biskupic, 2014-10-07 I knew she'd be trouble So quipped Antonin Scalia about Sonia Sotomayor at the Supreme Court's annual end of term party in 2010 It's usually the sort of event one would expect from such a grand institution with gentle parodies of the justices performed by their law clerks but this year Sotomayor decided to shake it up flooding the room with salsa music and coaxing her fellow justices to dance It was little surprise in 2009 that President Barack Obama nominated a Hispanic judge to replace the retiring justice David Souter The fact that there had never been a nominee to the nation's highest court from the nation's fastest growing minority had long been apparent So the time was ripe but how did it come to be Sonia Sotomayor In *Breaking In: The Rise of Sonia Sotomayor and the Politics of Justice* the veteran journalist Joan Biskupic answers that question This is the story of how two forces providentially merged the large ambitions of a talented Puerto Rican girl raised in the projects in the Bronx and the increasing political presence of Hispanics from California to Texas from Florida to the Northeast resulting in a historical appointment And this is not just a tale about breaking barriers as a Puerto Rican It's about breaking barriers as a justice Biskupic the author of highly praised judicial biographies of Justice Antonin Scalia and Justice Sandra Day O'Connor now pulls back the curtain on the Supreme Court nomination process revealing the networks Sotomayor built and the skills she cultivated to go where no Hispanic has gone before We see other potential candidates edged out along the way And we see how in challenging tradition and expanding our idea of a justice as well as expanding her public persona Sotomayor has created tension within and without the court's marble halls As a Supreme Court justice Sotomayor has shared her personal story to an unprecedented degree And that story of a Latina who emerged from tough times in the projects not only to prevail but also to rise to the top has even become fabric for some of her most passionate comments on matters before the Court But there is yet more to know about the rise of Sonia Sotomayor *Breaking In* offers the larger untold story of the woman who has been called the people's justice **Adolescent Identities**

Hartman, 2006-07 Alarming amusing disarmingly simple and to the point The Population Fix describes the causes and the

effects of America's addiction to population growth and explains how average citizens can regain control over misguided policies and politics. The Population Fix is an extraordinarily comprehensive analysis of the single most important factor affecting America's future. In plain English, this short volume demonstrates how out of control population growth exacerbates every problem facing America today and will necessarily rob future generations of an acceptable quality of life tomorrow.

Joseph L. Daleiden, author of *The American Dream Can It Survive The 21st Century*, approached *The Population Fix* expecting a dry dissertation. Nothing of the sort. This was a fast read. It addresses immigration, legal and illegal, but also more broadly the effects of rapid population growth upon Americans' quality of life. The upbeat style and hopeful countenance of the author keep the reader energized. I recommend this book to any American who cares about America's values, America's future, and the lives of future Americans.

Mark Krikorian, Executive Director, Center for Immigration Studies: *The Population Fix* asks, "How many Americans are enough?" That's the question every American should ask. This book paints the picture clearly for us: this is what America looks and feels like as we approach one billion residents. One billion. The author methodically pleads for each victim of runaway growth: the working commuter, the family struggling to find affordable housing, the unemployed engineer, the migrant living without protection or dignity, the disappearing farmland, and the threatened wildlife. *The Population Fix* carefully draws out the human story behind our damaging immigration tax and legal policies and structures and begs the questions: Why have we ignored this for the past two decades? and What can we do now?
