A Dreamer's Tales (📖📖📖📖) Lord Dunsany,2011-11-15 Book Jungle provides classic literature in a modern format Thousands of historical titles are now readily available to the public Because of the original condition of many of these historical manuscripts imperfections are possible The value of these manuscripts lies in their historical significance and vivid accounts of the world from thousands of authors and storytellers Book Jungle is proud to bring these rare volumes back into public use and to make them available to everyone *The Interpretation of Fairy Tales* Marie-Louise von Franz,2017-10-10 A Jungian psychologist argues how careful analyses of fairy tales like Beauty and the Beast can lead to a deeper understanding of human psychology Of the various types of mythological literature fairy tales are the simplest and purest expressions of the collective unconscious and thus offer the clearest understanding of the basic patterns of the human psyche Every people or nation has its own way of experiencing this psychic reality and so a study of the world s fairy tales yields a

wealth of insights into the archetypal experiences of humankind Perhaps the foremost authority on the psychological interpretation of fairy tales is Marie Louise von Franz In this book originally published as *An Introduction to the Interpretation of Fairy Tales* she describes the steps involved in analyzing and illustrates them with a variety of European tales from *Beauty and the Beast* to *The Robber Bridegroom* Dr von Franz begins with a history of the study of fairy tales and the various theories of interpretation By way of illustration she presents a detailed examination of a simple Grimm s tale *The Three Feathers* followed by a comprehensive discussion of motifs related to Jung s concept of the shadow the anima and the animus This revised edition has been corrected and updated by the author

A Dreamer's Tales Edward John Moreton Drax Plunkett Dunsany, Baron, 2015-09-10 Toldees Mondath Arizim these are the Inner Lands the lands whose sentinels upon their borders do not behold the sea Beyond them to the east there lies a desert for ever untroubled by man all yellow it is and spotted with shadows of stones and Death is in it like a leopard lying in the sun To the south they are bounded by magic to the west by a mountain and to the north by the voice and anger of the Polar wind Like a great wall is the mountain to the west

Folktales of the Jews, Volume 1 Dov Noy, Dan Ben-Amos, Ellen Frankel, 2006-09-03 Tales from the Sephardic Dispersion begins the most important collection of Jewish folktales ever published It is the first volume in *Folktales of the Jews* the five volume series to be released over the next several years in the tradition of Louis Ginzberg s classic *Legends of the Jews* The 71 tales here and the others in this series have been selected from the Israel Folktale Archives Named in Honor of Dov Noy The University of Haifa IFA a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the Sephardic culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This volume and the others to come will be monuments to a rich but vanishing oral tradition
