Redrawing the Map of Early Modern English Catholicism Lowell Gallagher, 2012-07-24 The tumultuous climate of early modern England had a profound effect on its Catholic population s domestic life social customs literary inventions and political arguments Redrawing the Map of Early Modern English Catholicism explores the broad spectrum of the early modern English Catholic experience presenting fresh and often startling assessments of the most problematic topics in post Reformation English Catholicism The contributors to this volume all leading or rising scholars of early modern studies conceptualize English Catholicism as a hazardous series of contested territories divided by shifting boundaries requiring Catholics to navigate with vigilance and diplomacy their status as insiders or outsiders This collection also presents new ways to understand the connections between reformist and Catholic inflections in the emerging canon of English poetry despite the eventual marginalization of Catholic poets in English literary history Redrawing the Map of Early Modern English Catholicism ably demonstrates the profoundly experimental as well as recuperative character of early modern English Catholicism

Catholics and Anti-Catholicism in Chosŏn Korea Don Baker, Franklin Rausch, 2018-10-31 Korea s first significant encounter with the West occurred in the last quarter of the eighteenth century when a Korean Catholic community emerged on the peninsula Decades of persecution followed resulting in the deaths of thousands of Korean Catholics Don Baker provides an invaluable analysis of late Chosŏn 1392 1897 thought politics and society to help readers understand the response of Confucians to Catholicism and of Korean Catholics to years of violent harassment His analysis is informed by two remarkable documents expertly translated with the assistance of Franklin Rausch and annotated here for the first time an anti Catholic essay written in the 1780s by Confucian scholar Ahn Chŏngbok 1712 1791 and a firsthand account of the 1801 anti Catholic persecution by one of its last victims the religious leader Hwang Sayŏng 1775 1801 Confucian assumptions about Catholicism are revealed in Ahn s essay Conversation on Catholicism The work is based on the scholar s exchanges with his son in law who joined the small group of Catholics in the 1780s Ahn argues that Catholicism is immoral because it puts more importance on the salvation of one s soul than on what is best for one s family or community

Conspicuously absent from his Conversation is the reason behind the conversions of his son in law and a few other young Confucian intellectuals Baker examines numerous Confucian texts of the time to argue that in the late eighteenth century Korean Confucians were tormented by a growing concern over human moral frailty Some among them came to view Catholicism as a way to overcome their moral weakness become virtuous and in the process gain eternal life These anxieties are echoed in Hwang s Silk Letter in which he details for the bishop in Beijing his persecution and the decade preceding it He explains why Koreans joined and some abandoned the Catholic faith and their devotion to the new religion in the face of torture and execution Together the two texts reveal much about not only Korean beliefs and values of two centuries ago but also how Koreans viewed their country and their king as well as China and its culture *Literature and Catholicism in the 19th and 20th Centuries* David Torevell,2021-03-05 This volume investigates how literary texts have reflected in ground breaking ways distinctive features of a Catholic philosophy of life It demonstrates how literature by its ability to capture the imagination is able to evoke facets of human experience related specifically to a Catholic understanding of life **The American Church Monthly** ,1920
