Pinello, 2017 Presents oral histories of how same sex marriage bans impacted gay couples and their children and how courts rescued those families Confessions of a Jewish Wagnerite Lawrence Mass, 1994 Scorched Earth Michael Savage, 2016-09-13 Michael Savage predicted the chaos that is Obama's legacy Now he tells us whether the destruction can be stopped The prophetic author of the bestselling *Government Zero* Dr Michael Savage is back with his most urgent and powerful work Listeners to Dr Savage's top rated radio talk show *The Savage Nation* know him to be an articulate and engaged spokesman for traditional American values of borders language and culture Now after eight divisive years of Barack Obama Dr Savage lays out an irrefutable case for how our nation has been undermined by terrorists from without by anarchists from within by a president and politicians with contempt for the Constitution and the law and by a complicit liberal media With words and topics that are as insightful as they are timely he makes an ironclad case for the dangers we face from Hillary Clinton and her fellow travelers in the progressive movement He also explains why Donald Trump may be one of the two best hopes for America's future as we try to regain control of our government our country and our national soul The other hope As Dr Savage explains in some of his most heartfelt and passionate words it is we the people the ordinary Eddies as he calls them motivated roused and engaged This book is about much more than an election It is a veteran commentator and celebrated raconteur providing a blueprint for how to regain our cherished freedoms and our national identity before they are lost forever I'm Your Man Timothy James Beck, 2004 Gay fashion advertiser Blaine Dunhill has everything he wants in life except for a family but when his friend Gretchen offers to help him out Blaine finds himself on a wild ride of baby names and fashion gossip Original 10 000 first printing Raise a Fist, Take a Knee John Feinstein, 2021-11-16 Based on dozens of shocking interviews with some of the most influential names in sports this is the urgent and revelatory examination of racial inequality in professional athletics America has been waiting for Commentators coaches and fans alike have long touted the diverse rosters of leagues like the NFL and MLB as sterling examples of a post racial America Yet decades after Tommie Smith and John Carlos raised their fists in a display of Black power and pride and years after Colin Kaepernick shocked the world by kneeling for the national anthem the role Black athletes and coaches are expected to perform both on and off the field still can be determined as much by stereotype and old fashion ideology as ability and performance Whether it's the pre game moments of resistance the lack of diversity among coaching and managerial staff or the consistent undervaluation of Black quarterbacks racial politics impact every aspect of every sport being played yet the gigantic salaries and glitzy lifestyles of pro athletes often disguise the ugly truths of how minority players are treated and discarded by their White bosses John Feinstein crisscrossed the country to secure personal interviews with quarterbacks coaches and more revealing the stories none of us have heard but all of us

should know Seventy five years after Jackie Robinson broke baseball's color line race is still a central and defining factor of America's professional sports leagues With an encyclopedic knowledge of professional sports and shrewd cultural criticism bestselling and award winning author John Feinstein uncovers not just why but how pro sports continue to perpetuate racial inequality None of us are trying to make race an issue Race IS an issue From the Foreword by Doug Williams *The Awkward Thoughts of W. Kamau Bell* W. Kamau Bell, 2018-08-07 You may know W Kamau Bell from his new Emmy nominated hit show on CNN *United Shades of America* Or maybe you've read about him in the New York Times which called him the most promising new talent in political comedy in many years Or maybe from The New Yorker fawning over his brand of humor writing Bell's gimmick is intersectional progressivism he treats racial gay and women's issues as inseparable After all this love and praise it's time for the next step a book *The Awkward Thoughts of W Kamau Bell* is a humorous well informed take on the world today tackling a wide range of issues such as race relations fatherhood the state of law enforcement today comedians and superheroes right wing politics left wing politics failure his interracial marriage white men his upbringing by very strong willed race conscious yet ideologically opposite parents his early days struggling to find his comedic voice then his later days struggling to find his comedic voice why he never seemed to fit in with the Black comedy scene or the white comedy scene how he was a Black nerd way before that became a thing how it took his wife and an East Bay lesbian to teach him that racism and sexism often walk hand in hand and much much more *The Making and Unmaking of Whiteness* Birgit Brander Rasmussen, 2001-09-07 A collection of new essays in race theory drawn from the 4/97 Berkeley conference *The Klansman's Son* R. Derek Black, 2024-05-14 From the former heir apparent to white nationalism *The Klansman's Son* is an astonishing memoir of a childhood built on fear of breaking from a community of hate When coded language and creeping authoritarianism spread the ideas of white nationalists this is an essential book with a powerful voice Derek Black was raised to take over the white nationalist movement in the United States Their father Don Black was a former Grand Wizard in the Ku Klux Klan and started Stormfront the internet's first white supremacist website Derek built the kids page David Duke was also their close family friend and mentor Racist hatred though often wrapped up in respectability was all Derek knew Then while in college in 2013 Derek publicly renounced white nationalism and apologized for their actions and the suffering that they had caused The majority of their family stopped speaking to them and they disappeared into academia convinced that they had done so much harm that there was no place for them in public life But in 2016 as they watched the rise of Donald Trump they immediately recognized what they were hearing the spread and mainstreaming of the hate they had helped cultivate and they knew that they couldn't stay silent This is a thoughtful insightful and moving account of a singular life with important lessons for our troubled times Derek can trace a uniquely insider account of the rise of white nationalism and how a child indoctrinated with hate can become an anti racist adult Few understand the ideology motivations or tactics of the white nationalist movement like Derek and few have ever made so profound a change
