Transforming Talk into Text—Argument Writing, Inquiry, and Discussion, Grades 6-12 Thomas M. McCann, 2014-05-23 Author Thomas McCann invites readers to rethink their approach to teaching writing by capitalizing on students' instinctive desire to talk Drawing on extensive classroom research he shows teachers how to craft class discussions that build students' skills of analysis problem solving and argumentation as a means of improving student writing McCann demonstrates how authentic discussions immerse learners in practices that become important when they write Chapters feature portraits of teachers at work including transcripts that reveal patterns of talk across a set of lessons Interviews with the teachers and samples of student writing afford readers a deeper understanding of process Students also report on how classroom discussions supported their effort to produce persuasive argument driven essays Book Features A focus on the thinking behind the practice as opposed to a collection of

lesson ideas Connections to important elements from the Common Core State Standards especially arguments writing
 Examples of students at work with examples of the writing that emerges from their discussions Portraits of skilled teachers
 as they promote inquiry and sequence and facilitate discussions Appendices with problem based scenarios interview
 questions for students and teachers samples of debatable cases in the news and more In this important book Tom McCann
 has given us not only the admonition to change but the details about what effective change must be and what it looks like
 evidence that it works effectively and details about how to bring it to pass From the Foreword by George Hillocks Jr
 Professor Emeritus Department of English University of Chicago For a professional book to have an impact on the field it
 needs to address a perceived need Writing arguments for Common Core performance assessments is a HUGE need right now

 Slipknot Curriculum Unit** Young Jan,2008 The questions and activities in this Curriculum Unit for teaching from the
 middle grade novel The Orange Slipknot have been designed to help the teacher guide students in learning and incorporating
 these important reading strategies making connections questioning visualizing inferring determining importance and
 synthesizing Instead of reading for content only students will learn how to look beyond the words for meaning They will learn
 to see that there are many layers of meaning in books They will learn how to think about reading and hopefully to develop a
 love for reading For each chapter there are comprehension questions writing prompts discussions prompts journaling
 prompts and vocabulary activities Various question answer formats are used with an emphasis on writing Following the
 chapter activities there are strong cross curricular connections literature links reading math science art social studies and
 geography Questions and activities range from fourth to ninth grade levels Extensive use is made of internet research A
 teacher may wish to pick and choose from the large selection of questions and activities Answer keys are in the back The in
 depth section on Nevada stressing agriculture makes The Orange Slipknot an excellent social studies tool Since this
 Curriculum Unit is written by the author herself the teacher and the students benefit by gaining insight into the writer s mind
 The elements which the author feels are important about the story and the writing process are emphasized American
