CSAS 6TH GRADE MATHEMATICS WELCOME LETTER

Dear Rising 6th Graders and Parents,

Greetings! I am delighted to share the upcoming school year with you in Sixth Grade Mathematics. I know you have learned a tremendous amount of math skills from Ms. Krause to better prepare you for our exploration in 6th Grade Math. We will be exploring fractions, ratios, rates, decimals, number lines, absolute value, graphing, expressions, equations, inequalities, polygons, area, volume, and data analysis—just to name a few!

If you are wondering about summer math packets or how to prepare for middle school mathematics, my advice is simple—continue mastering your basic math facts! There will be moments in which you will be expected to compute and solve math problems without a calculator. So, it is important that you practice the basic math skills of adding, subtracting, multiplying, and dividing single and multi-digit numbers. To assist you this summer, I have included links to practice websites below:

Addition Facts: <https://www.quia.com/r/10248.html> & <http://www.multiplication.com/games/addition-games>

Subtraction Facts: <http://www.multiplication.com/games/subtraction-games> &

http://www.softschools.com/math/subtraction/3_digit_subtraction/3_digit_subtraction_with regrouping/

Multiplication Facts: <http://www.multiplication.com/games/all-games> &

http://www.mathplayground.com/ASB_Index.html

Division Facts: <http://www.multiplication.com/games/division-games> &

http://www.mathplayground.com/ASB_Index.html

Students, I am challenging you to set aside at least 30 minutes each day this summer to practice your math facts. Mastering these basic math skills will help you be very successful in 6th Grade Mathematics! You may also access these math skills by visiting our class website: csas6thgrademath.weebly.com

I look forward to leading you on your middle school mathematical journey next school year. Enjoy your summer, and I will see you soon!

With warmest regards,

Raquel Harris
