Campbell, Gregory P. Grieve, 2014-04-28 Shaman paragon God mode modern video games are heavily coded with religious undertones From the Shinto inspired Japanese video game Okami to the internationally popular The Legend of Zelda and Halo many video games rely on religious themes and symbols to drive the narrative and frame the storyline Playing with Religion in Digital Games explores the increasingly complex relationship between gaming and global religious practices For example how does religion help organize the communities in MMORPGs such as World of Warcraft What role has censorship played in localizing games like Actraiser in the western world How do evangelical Christians react to violence gore and sexuality in some of the most popular games such as Mass Effect or Grand Theft Auto With contributions by scholars and gamers from all over the world this collection offers a unique perspective to the intersections of religion and the virtual world

Elsevier's Dictionary of Symbols and Imagery Ad de Vries, Arthur de Vries, 2021-10-25 This dictionary supplies associations which have been evoked by plants animals gems objects and concepts throughout the history of Western civilization from the hieroglyphs of ancient Egypt to the poetry of Dylan Thomas It supplies background information from fields which may not be everyone s speciality such as biology and mythology It gives not one but several meanings which may apply simultaneously since indefiniteness is the mark of symbols No fine distinction is made between symbols allegories metaphors signs types or images since such subtle distinctions however sensible from a scientific point of view are useless to a person struggling with the deeper comprehension and thus appreciation of a particular symbol Important general entries

are listed such as archetypes as binary bull calendar eagle elements Great Goddess Sacred King sun etc which it is advisable to read first Information was gathered from primary sources both famous and obscure classical authors the Bible the medieval scholar and musician Hildegard von Bingen but also Donne Shakespeare and Eliot Lists of primary and secondary literature are included From the many notes left behind by the late Ad de Vries his son has gathered enough new material to enlarge the original 1974 edition more than 20 per cent Included are many new entries taken from herbals and lapidaries as well as ancient books on medicine architecture and dreams This dictionary is an invaluable source of reference for students of many disciplines as well as for writers and artists Great Books of the Western World: Aeschylus.
