

The 7 Habits of Happy Kids

Habit 1 – Be Proactive: I'm in charge!

I am responsible for myself.

I take initiative and have a "can-do" attitude.

I choose how I act, how I feel and what I do.

I do what is right without being asked, even when no one is looking.

Habit 2 – Begin with the End in Mind: I have a plan!

I set goals for myself.

I have a plan for how I will accomplish my goals.

I think about what I want to be when I grow up and how I will get there.

Habit 3 – Put First Things First: I will do my work first, then play!

I do my work before I play.

I know what my responsibilities are, and I do them based on what is most important.

I practice self-control.

Habit 4 – Think Win-Win: I believe we can all win!

I want everyone to be a success.

I don't have to put others down to get what I want.

When there is a conflict, I look for solutions that will make everyone feel good.

Habit 5 – Seek First to Understand Then to be Understood:

I will listen to others before I talk!

I am a good listener.

I try to understand other peoples' points of view especially when their opinion is different than mine.

I am comfortable sharing my opinions and ideas.

Habit 6 – Synergize: I know that together is better!

I know that everyone is good at something.

Everyone needs to get better at something.

I believe that we can all learn something from each other.

I know that working in groups helps to create better ideas than what one person can do alone.

Habit 7 – Sharpen the Saw: I have balance in my life!

I keep my body healthy when I exercise, eat healthy foods and get enough sleep.

I enjoy learning new things.

I know that it is important to spend time with people that I care about.

Boye Lafayette De Mente, 2011-02-20 Author Boye Lafayette De Mente blames male dominance, invalid and inhuman religious dogma, a new morality based on money and a political system that is dysfunctional for all of problems besetting the United States. De Mente says that the primary cause of the failures of human cultures since day one has been males who put power over females, tribalism, territorialism and race above the rights of people in general. As the eons passed there was a growing awareness among male leaders of the need for rules to control the animalistic attitudes and behavior of men but all of the institutions they created including religions continued to reflect the primitive nature of human males and this nature is responsible for the mess the world is in today, he added. This book details the negative consequences of male dominance in every area of human endeavor beginning with religions and including business, politics, education, entertainment and the news media and

suggests remedies for the cultural morass that threatens the American dream and imperils the rest of the world Among the topics dealt with in the book the harmful influence of advertising sleaze entertainment prostitution the rise of pornography as a major industry child abuse sexual abuse violence the excess consumption syndrome the ongoing anti female dogma of religions the growth of newspeak to control people and the good and the bad of the Internet One of the more unusual recommendations in the book is that parents around the world should emulate the samurai the hereditary warrior class that ruled Japan from 1192 until the late 1860s in educating their children The 26 attributes samurai parents taught their children reflect wisdom that is still rare in today s world De Mente said The 26 attributes are included in the text of the book
